

The Kingston Daily Freeman

HEROINE OF PLANE CRASH—Elizabeth Snyder, 25, of New York, who survived crash of a KLM Royal Dutch airliner the day before, smiles at Shannon, Ireland, Monday. The captain of the ill-fated plane credited Miss Snyder with saving the 28 survivors, 15 of them Americans, as she knocked a box of matches from the hands of a fellow passenger about to light a cigarette as gasoline fumes poured into cabin of the sinking plane. Twenty-eight others, including 11 Americans died in the crash. (AP Wirephoto via radio from London).

Auto Toll Is Lowest In 6 Years Total Deaths Are More Than 500

(By The Associated Press)

The nation's accidental death toll over the Labor Day weekend mounted to more than 500 today but traffic fatalities were below the predicted 390 and the lowest in six years.

The latest figures show 347 persons lost their lives in motor mishaps during the period from 6 p. m. to midnight Monday. It was the smallest total for the Labor Day holiday since 1948 when 293 were killed in traffic accidents.

THE TRAFFIC TOLL compared with 405 killed on the highways last Labor Day, 432 in 1952 and the Labor Day record of 461 in 1951.

President Eisenhower's appeal to motorists to "fool the experts" by careful driving was attributed by safety officials as partially responsible for holding down the traffic deaths below the estimate by the National Safety Council.

The council's pre-holiday estimate of 390 deaths on the highways was termed a "grim forecast" by the President in appealing to motorists for careful driving.

IN ADDITION to the traffic deaths, 90 persons lost their lives by drowning and 79 others were killed in miscellaneous accidents. The total of 516 compared with 574 last year and the record over all Labor Day toll of 658 in 1951.

An Associated Press survey over a non-holiday period of 78 hours, from 6 p. m. Friday Aug. 20 to midnight, Aug. 23, showed 346 persons killed in traffic accidents, 43 drowned and 101 killed in various types of accidents. The total was 493.

SEVERAL STATES took extra precautions to hold down the traffic death toll over the long weekend. National guardsmen were on highway patrol duty in some states. In Maryland, where all state police were on highway patrol, the two traffic fatalities compared with 18 last Labor Day weekend.

The worst single accident occurred near Tipton, Ind., 36 miles south of Indianapolis, when two cars collided head-on, killing six persons.

State Deaths 24; Third Are Children

Albany, Sept. 7 (AP)—Labor Day weekend accidents claimed 24 lives in New York state. A third of the victims were children.

During the period from 6 p. m. Friday to midnight Monday, 17 persons were killed in traffic accidents, five were drowned, one died in a fire and another was injured fatally in a stairway tumble.

THE TOLL WAS four higher than during a recent non-holiday weekend period surveyed the Associated Press. From 6 p. m. Friday, Aug. 20, to midnight, Monday, Aug. 24, highway accidents took 12 lives, (Continued on Page 11, Col. 6)

Goshenite Is Victim Of Crash

New York, Sept. 7 (AP)—Dr. Ernest Bettmann, orthopedic surgeon, of 50 Ethelridge road, White Plains, is the first survivor of the Shannon, Eire, plane crash to reach the United States.

Twenty-eight persons died and 28 were saved when a New York-bound KLM Royal Dutch Airlines plane crashed shortly after taking off from Shannon Saturday.

Among those killed were Henry K. A. Shultz of Great Neck; Mrs. Caroline Platz, the Bronx, and F. J. Polak, whose residence was 313 Main street, Goshen. He was president of the Polak Fruit Works at Middletown.

Bettmann, who arrived at Idlewild Airport yesterday on another KLM plane, told newsmen about his experiences in the crash. He said he was not injured. He said the crash came without warning, and the crew was of great assistance to the passengers.

"SO MANY PEOPLE died," he said, "because they were shocked and couldn't walk out of the plane or suffered gasoline burns and were overcome by gasoline fumes. We crashed from 200 feet, two minutes after we took off from Shannon Airport."

He was sitting up front near the right wing and that was a lucky circumstance," the sun-tanned Bettmann said. "It allowed me to reach the cockpit, which was open. I went through (Continued on Page 17, Col. 5)

Dewey to Tell His Stand Tonight, Statewide TV

Albany, Sept. 7 (AP)—Gov. Dewey will disclose his plans tonight. A source close to the governor says that he will announce he will not run for a fourth term and that he will endorse U. S. Sen. Irving M. Ives for the Republican gubernatorial nomination.

Dewey will make known his long-awaited decision in a statewide television network address (CBS) from 8 to 8:15 p. m. (EDT). His speech will be broadcast over a statewide radio network (CBS) from 10:15 to 10:30 p. m. Both casts will originate in New York City.

If Dewey calls it a day, he is expected to say that he will return to law practice in Manhattan after he has completed his third term on Dec. 31. He has been chief executive of the state longer than any modern governor.

SHOULD DEWEY SAY he's through, some political observers look for a draft movement, possibly starting tomorrow at a meeting of the executive committee of the state committee in New York.

There is a possibility, however, that Dewey will make his decision so unequivocal that an attempt draft may seem futile.

The executive committee will meet shortly after noon tomorrow to select committees for the GOP state convention at Syracuse Sept. 22-23 and elect a

Ulster Has Minor Auto Accidents Most Drivers Pay Heed to Warnings

Traffic described by State Police as "moderate to heavy" over the Labor Day weekend apparently heeded warnings to drive carefully and there were comparatively few accidents in this area, none of them fatal.

Homebound traffic Monday was "heavy" as summer visitors returned to the metropolitan areas.

There were several minor accidents reported over the weekend to the state police and the sheriff's office.

SATURDAY AFTERNOON a car of William Houston of Brooklyn ran off the road a mile north of Milton, hit a guard rail and overturned. Eugene Turner, 33, of 755 47th street, Brooklyn, suffered a fractured nose and was taken to Vassar Hospital, Poughkeepsie.

At 11 p. m. Saturday a car of John H. McClintock, 30, of Kingston was proceeding north on route 9-W near Marlborough when the driver contended he was blinded by approaching lights and ran off the road and turned over. John Roosa, 54, Hurley, received a laceration and abrasion of the eye. He declined medical care and stated to troopers he would seek treatment by his family physician.

AT 3:30 O'CLOCK this morning a car was reported to have left the road near West Saugerties, ran over the lawn of Ernest Schirmer and struck the John J. Fitzpatrick house. The car was operated by Gilbert Ricks, 24, of Route 3, Saugerties. The operator reported to state police he had fallen asleep.

Two cars were involved in an accident on Route 28 near the Avalon at 9:30 o'clock Monday evening. William Loerzel and Nellie Loerzel of 93 Wrentham street, Kingston, were taken to the Kingston Hospital where Nellie Loerzel was treated for a back injury and William Loerzel remained at the hospital for further treatment of an injured back. Involved in the accident also was the car of Vernon B. DeGraff of Woodstock. State police reported both cars were traveling east on Route 28 when the DeGraff car struck the Loerzel car in the rear. DeGraff received an injury to his knee.

HUGO E. DOEHENHAUSEN, Jr., of Ruby, was arrested by Deputy Sheriff Peter Peterson at Rifton Sunday on a charge of having crossed a center line on the road and been in collision with a car of John Landi, 41, of 5 Clifton Terrace, Kingston. Bail in the sum of \$25 was posted for appearance later before Justice Allan Dargie.

Anthony A. Ocigelo, 300 Broadway, East Paterson, N. J., was arrested Sunday at Plattekill on a charge of passing a stop sign. The arrest was made by Vincent Porcella and a \$10 fine was imposed by Justice Charles Demsky.

Man Is Killed

Kenosha, Wis., Sept. 7 (AP)—A man with papers listing the name of Eugene A. McManus, 24, of (745 S. 54th street) Lindenhurst, N. Y., was killed last night in an automobile accident. Authorities said McManus, alone in the car, missed a curve on Highway 75, bounced off a utility pole and hit a tree stump.

THE SIXTH agreement which the President disclosed is an outgrowth of a proposition he made to the United Nations last Dec. 8. But the present undertaking represents a substantial modification of the atomic pool idea he then advanced.

Eisenhower said the United States was willing to contribute atomic material to such a pool in a joint undertaking with other atomic powers—specifically including Russia. There followed a series of highly secret negotiations with Russia.

THE RUSSIANS insisted on two points which from the American view were hopelessly unacceptable: (a) that Red Chicomulco, a member of the AFL National Legislative Committee, be named to the committee.

Large crowds witnessed the stock car races—marked by four accidents and 12 injuries—and cattle judging and horse shows.

Twenty-eight stock cars piled up in a chain-reaction collision yesterday's 88,333 spectators did not set a Labor Day attendance mark—about 5,000 short of last year's crowd—but the record-smashing turnouts of Saturday and Sunday put the three-day total over the top.

Part of the Labor Day crowd heard an address by Andrew J. Bismiller, a member of the AFL National Legislative Committee. He praised the AFL's anti-communist record and the union's support of U. S. foreign aid policies.

On the program today was a fly and bait casting contest and judging in many classes of farm animals.

Yesterday's 88,333 spectators did not set a Labor Day attendance mark—about 5,000 short of last year's crowd—but the record-smashing turnouts of Saturday and Sunday put the three-day total over the top.

New York to Get Biggest Share

Washington, Sept. 7 (AP)—New York state will get \$3,924,943—the biggest share—of federal funds allotted for the government-sponsored school lunch program this year.

The Agriculture Department yesterday announced the apportionment of \$67,100,000 of the \$83,236,000 appropriated by Congress to finance the program in the states, territories and possessions.

The department will use the unapportioned amount to purchase and distribute to schools foods that help to meet nutritional requirements of the program.

President Won't Wait For Russia Eisenhower Puts Soviets on Spot

Washington, Sept. 7 (AP)—President Eisenhower held the door open today for Soviet cooperation in a new allied undertaking to spread peaceful fits of atomic energy to many lands.

A diplomatic authority said Russia's behavior toward the United States and particularly the Kremlin's rejection of a previous Eisenhower proposal that it join in an international atomic pool appeared to rule out any move to join the latest project.

Nevertheless, the decision announced by the President yesterday to go ahead without Russia on an international atomic agency plan would appear to put the Soviet somewhat on the spot since they have so far indicated no interest in sharing their own atomic energy know-how.

WHAT EISENHOWER disclosed was that the United States government has agreed with other nations to set up an agency to "foster the growth and spread of new atomic technology for peaceful use." The President did not name the countries, but an aide at the summer White House in Denver said they are Britain, France, Canada, South Africa and Australia.

Eisenhower expressed hope that "no nation will long stand aloof" from the enterprise. This seemed clearly to keep the door open for Russian cooperation.

FOR THE TIME BEING, the President made clear the project aims to provide benefits for friendly, free nations. He said the intent of the nations joining in the undertaking is to share atomic technology "with others of goodwill."

Other non-Communist countries may join the project. It is known that there have been negotiations with Belgium, which controls one of the world's great uranium producing areas in the Belgian Congo. South Africa and Australia are in the project as producing countries. The United States, Britain and Canada are in as countries with atomic industry and France as one with skill in atomic research and development.

EISENHOWER SPOKE to the nation by radio and television in connection with groundbreaking ceremonies for the nation's first atomic power generation plant, near Pittsburgh.

The six-nation agreement which the President disclosed is an outgrowth of a proposition he made to the United Nations last Dec. 8. But the present undertaking represents a substantial modification of the atomic pool idea he then advanced.

Eisenhower said the United States was willing to contribute atomic material to such a pool in a joint undertaking with other atomic powers—specifically including Russia. There followed a series of highly secret negotiations with Russia.

THE RUSSIANS insisted on two points which from the American view were hopelessly unacceptable: (a) that Red Chicomulco, a member of the AFL National Legislative Committee, be named to the committee.

Large crowds witnessed the stock car races—marked by four accidents and 12 injuries—and cattle judging and horse shows.

Twenty-eight stock cars piled up in a chain-reaction collision yesterday's 88,333 spectators did not set a Labor Day attendance mark—about 5,000 short of last year's crowd—but the record-smashing turnouts of Saturday and Sunday put the three-day total over the top.

On the program today was a fly and bait casting contest and judging in many classes of farm animals.

Lodge Asks Council Review Red Attack

RESCUED CREWMEN—Survivors of the U. S. Navy patrol plane Neptune, shot down over the Sea of Japan by two Red MIGs, are shown at press conference at Atsugi, Japan (Sept. 6, Tokyo time). Left to right are: Ensign John Charles Fisher, San Francisco; ABC Paul Roger Mulhollen, Alameda, Calif.; AT3 Texas Red

Stone, Houston, Tex.; Commander John Booth Wayne, at microphone, Alameda; AL3 Frank Edgar Petty, Austin, Tex.; AD1 William Albert Bedard, Worcester, Mass.; AT1 David Allen Atwell, San Leandro, Calif.; AT/AN Anthony Peter Granera, San Francisco; and AO1 Ernest Louis Pinkevich, of Alameda, Calif., and New Britain, Conn. (AP Wirephoto via radio from Tokyo).

Two More Articles Approved at Manila

Manila, Sept. 7 (AP)—Two more articles of a proposed south-east Asia security treaty were approved in secret negotiations here today, and a reliable source said foreign ministers of eight nations may have a pact ready for signing by Wednesday.

One more article was provisionally approved today, the source said.

A Philippines delegate said the final session of the conference has been scheduled for Wednesday evening.

He said only the extent of military commitments to be made and the treaty preamble remain to be agreed upon.

T. Clifton Webb, minister of external affairs for New Zealand, told newsmen: "We hope to sign the document Wednesday at 4 p. m."

The biggest controversy still to be ironed out involves military commitments to be made by the United States, Britain, France, Australia, New Zealand, Thailand, Pakistan and the Philippines.

Thailand and the Philippines were reported holding out for a NATO type agreement under which all members would come instantly to the defense of any member attacked.

THE UNITED STATES is arguing for a pact under which each member would react to an attack within its own constitutional framework.

Delegates today adopted an article stating that nations "by means of continuous and effective self help and mutual aid will maintain and develop their individual and collective capacity to resist armed attack and to prevent and overcome subversive activity directed from without against their territorial integrity and political stability."

The informed source said approval came after Thailand abandoned demands to include subversive activity within a nation as well as outside its borders.

THE DELEGATES also reportedly agreed to accept general terms in which the economic clause of the proposed draft treaty was written. It provides for cooperation "with each other in development of economic measures designed to promote economic stability and social well-being."

Asian nations had been holding out for more concrete proposals as to what will be done to what will be done.

The Goodyear store was one-story high with cellar. It was reported that the ceilings were unusually high, however.

Firemen were still at the scene early this afternoon.

Woman Is Slain

Fort Worth, Texas, Sept. 7 (AP)—A woman was shot to death last night in a movie featuring the thriller, "Dragnet." Miss Allee Blackwell, 38, arose from her chair, staggered a few steps and collapsed. She was dead at a hospital. Her 46-year-old man companion told police a pistol slipped from his pocket to the floor and discharged, the bullet ripped into Miss Blackwell's body. The man was held overnight. Dist. Atty. Randall Riley said a charge of illegally carrying a pistol would be filed.

When the shot rang out, many in the audience rushed from the movie but there was no stampede. Theatre Mgr. Bill Farnsworth said the show continued after the shooting.

President's Order Goes Into Record

Brownell's Memo Also Is Entered

Washington, Sept. 7 (AP)—Sen. Flanders (R-Vt.), who initiated the censure move against Sen. McCarthy, has filed new charges accusing McCarthy of covering up forgery and violating the espionage act.

The special Senate committee weighing the censure charges disclosed this today during a recess of its public hearings. The group went into a closed session to consider whether certain unnamed witnesses should be called to testify against McCarthy.

The public hearing had wound up on a protest from McCarthy's lawyer that the committee's own counsel had filed a "vigorously partisan" brief on the legal issues in the case.

FLANDERS, it was disclosed, wrote a letter dated Sept. 2 to Chairman Watkins (R-Utah) concerning McCarthy's attempted use in the McCarthy-Army hearings of a summary of confidential FBI information about subversive risks at the army's Ft. Monmouth, N. J., radar laboratory.

In the letter, made public by the committee, Flanders said it was his conclusion that either the person who obtained the document falsified it or McCarthy himself was responsible for falsifying it.

"Someone forged a document which was offered as genuine before a Senate committee discharging its official duties and Sen. McCarthy has the clues to the forgery which he has refused to divulge," Flanders wrote.

Washington, Sept. 7 (AP)—A May 27 order by President Eisenhower, which Sen. McCarthy denounced during the McCarthy-Army hearings as a "gag" was put into the record today at public hearings on censure charges against the senator.

Edward Bennett Williams, attorney for McCarthy, protested that the order was irrelevant to these hearings.

Committee Counsel E. Wallace (Continued on Page 17, Col. 1)

Certain New York Bonds Become Investor's Dream

New York, Sept. 7 (AP)—This city is reluctantly paying interest on some old bonds that represent an investor's wildest dream. And it looks as though it is going to go on paying and paying.

The bonds pay 7 per cent interest, are tax exempt and the last of them doesn't mature until the year 2147.

Lawrence E. Gerosa, controller for the Democratic city administration, explained the background last night in response to Republican jibes that the city will pay \$3,442,000 for a road that cost \$337,500 to build. It all started in 1865. The

little towns of West Farms and Morrisania in Westchester county decided they wanted a road linking them with the big city. It is now Jerome Avenue, running from the Bronx-Yonkers border to a point near the Yankee Stadium.

Gerosa carefully noted that a Republican legislature and Republican Gov. Reuben E. Fenton authorized the construction and the borrowing of money.

Originally, Morrisania was empowered to borrow \$3,500 and West Farms \$6,500, the debts to be paid off at a rate of \$1,000 a year.

But in 1868 the canny town (Continued on Page 18, Col. 2)

Survivors Give Story Of Assault

Delegate Says Act Was 'Unprovoked'

United Nations, Sept. 7 (AP)—The United States put its latest cold war brush with Russia before the United Nations today. U. S. delegate Henry Cabot Lodge, Jr., asked for an "early meeting" of the Security Council to take up the shooting down of a U. S. Navy plane off Siberia Saturday by Soviet jet fighters.

The Navy plane was the sixth U. S. military aircraft shot down by the Soviets either in Europe or over the Pacific, but this was the first time the United States has brought such an incident before the Security Council.

LODGE RETURNED unexpectedly to New York from a holiday at his Beverly, Mass., home to make the surprise move. He telephoned his request for the council meeting last night to Francisco Urrutia of Colombia, the 11-nation group's president for September. Aides on the U. S. delegation said he would follow up with a formal request by letter today.

In a brief statement from his delegation headquarters, Lodge said he had asked the council meeting "to consider the situation arising from the unprovoked attack... by aircraft of the Soviet Union over international waters..."

NINE OF THE 10 U. S. crewmen aboard the two-engine Neptune patrol bomber were rescued unharmed after drifting all night on a raft. One man, Ensign Henry Reid of Alameda, Calif., apparently went down with the plane.

The survivors said they were on a routine patrol mission well off the Siberian coast when two MIGs jets opened fire on them without warning. With one wing on fire, the plane crashed and sank in the sea. The United States protested the attack as "wanton and unprovoked" in a strongly worded note to the Moscow government.

BEFORE ITS DELIVERY, however, the Soviet foreign office had handed U. S. Ambassador Charles E. Bohlen a protest charging that the U. S. plane had flown within the Soviet frontiers and opened fire on two Soviet fighters which approached it. The Russian note said the Red pilots "were forced to open fire in return."

Because Lodge asked for an "early" meeting rather than an "urgent" session, it was expected that Urrutia would not call the council to meet before next week. A request for an urgent meeting usually means a session the next day.

However, the United States appeared to be seeking time to complete its case against the Russians, but still anxious to beat the Soviets incident to the UN.

241,581 Are Registered

Albany, Sept. 7 (AP)—The State Education Department says a record 241,581 men and women were registered in New York as of June 30 in the 14 professions governed by the Board of Regents. The department reported Saturday that the number of registrations had increased 6,733 from the same date last year.

Professions showing the greatest gains were: Medicine and osteopathy, up 1,796; practical nursing, up 1,739; professional engineering and land surveying, up 1,459, and registered nursing, up 1,180.

Miss Wilkinson Dies

Holyoke, Mass., Sept. 7 (AP)—Miss Florence M. Wilkinson, 46, head cataloger at the Mt. Holyoke College library, died today at Holyoke Hospital of a heart condition. Born at Fairhaven, Mass., she formerly served on the staff of Millicent library at Fairhaven and was head of the catalog department of the Yonkers, N. Y., public library before coming to Mt. Holyoke in 1948. She became head cataloger a year later.

Weather Roundup

New York, Sept. 7 (AP)—High and low temperatures in 10 U. S. cities for the 24 hours ended at 8:30 a. m. (EDT) today were:

New York City	89	69
Boston	82	61
Buffalo	83	67
Chicago	97	70
Denver	83	53
El Paso	73	66
Kansas City	98	74
Los Angeles	82	60
Miami	82	80
Washington	98	73

Social Security Law Provisions

George J. Johnson, district manager, Social Security Administration, submits the following article on the Social Security Law:

Old-age and survivors insurance payments to a worker and his family are determined from the worker's average monthly earnings over a certain period of time. To estimate the payments to your family, you must first estimate your average earnings from January 1, 1951, up to the year in which you reach age 65 or die.

If you first become eligible for retirement benefits after August 1954, or die after August 1954, before becoming eligible for retirement benefits, up to four calendar years after 1950 in which your earnings were lowest, or in which you had no earnings at all, can be dropped out. If you have at least 20 quarters (5 years) of covered work acquired at any time, you can leave out one more calendar year of your lowest earnings. After the drop-out, the average monthly wage will be figured by dividing the total earnings in the remaining period by the months in that period; however, if the remaining months are less than 18, you must divide by 18.

EARNINGS UP TO \$3600 a year can be counted toward social security from January 1, 1951, through 1954; for 1955 and years thereafter earnings up to \$4200 in a year will be credited to your social security account. Benefits based on an average monthly wage of \$359 can first be payable in 1956, provided the worker has earnings at an annual rate of at least \$4200 in 1955 and 1956.

After you have estimated

what your average monthly earnings will be, look in the table for an estimate of the payments to your family.

Average Monthly Earnings	Retirement Benefits	Widow and Child
After 1950	After 1950	After 1950
\$130	\$64.50	\$98.50
\$160	\$70.50	\$105.50
\$200	\$78.50	\$117.50
\$250	\$88.50	\$132.50
\$300	\$98.50	\$147.50
\$350	\$108.50	\$162.50

*A person is eligible for retirement benefits in the first month in which he is both fully insured and is at least age 65.

This is the second in a series of articles explaining the new Social Security Law. Next week there will be another informative article which I am sure will be of interest to all of our readers.

Your district office, located in the Central Post Office Building, Kingston, N. Y., has a supply of new booklets explaining the provisions of the amended Social Security Act. These are available to anyone. Write, or call Kingston 532.

New Yorker Is Drowned

Wells, Vt., Sept. 7 (AP) — Dr. Clymer A. Long, about 50, of Long Island, N. Y., drowned in Lake St. Catherine Sunday after he fell from an outboard motorboat. His address was 201 West Merrick road, Freeport, L. I. A motorist, Robert Hicks, about 45, of Granville, attempted to rescue the doctor but he became exhausted himself and had to return to shore after swimming about 200 yards. Hicks' attention was attracted to the struggling doctor when he observed the motorboat circling crazily in the water.

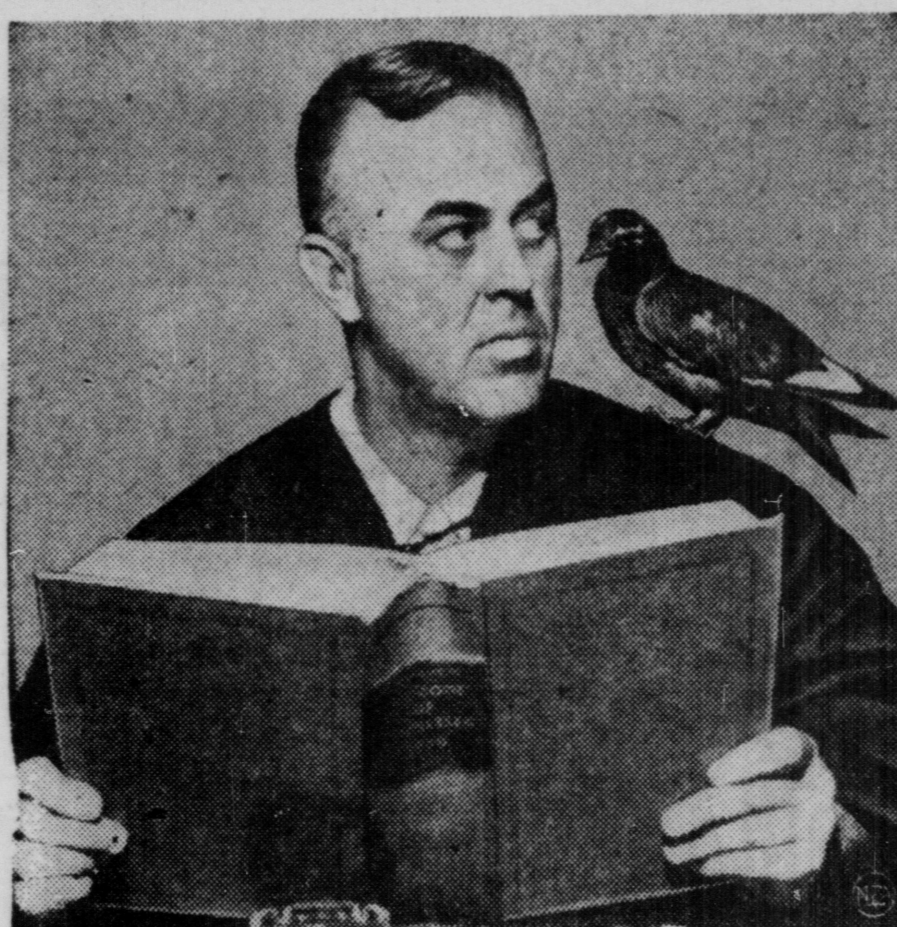

Man Held in Shooting

Boston, Sept. 7 (AP) — Boston police today were holding Louis J. Brown, 25, of Maspeth, N. Y., in connection with the shooting and wounding of a New York policeman in a tavern holdup there three months ago. Brown was arrested at gunpoint yesterday in the cellar of a home in the Jamaica plain section. Police said Brown admitted shooting at the New York officer in the tavern holdup. He was held as a fugitive to be turned over to New York authorities. Mrs. Lorraine de Felice, 26, and her brother, Charles Blaser, 29, in whose cellar Brown was arrested, were held on suspicion of harboring a fugitive.

Busy President

Manila (AP) — Ever since President Ramon Magsaysay has been in office the Philippine people have taken him up on his invitation to come in and talk over their problems. Through his open office door have swarmed more than 250 callers a day. Some days there has been little time for affairs of state. So now he has a new schedule. No callers before 9 a. m. Senators, representatives and governors, who bring the biggest delegations, are limited to the mornings of Monday and Tuesday. Delegations are limited to eight persons—and each will get just 10 minutes of his time.

The pronghorn antelope can sprint a short distance at a mile a minute, and can do 40 miles an hour for about two miles.

HIS HONOR GETS THE BIRD—Judge Beverly Boushe, of Memphis, Tenn., was looking up a point of law when an unexpected visitor came through the window. His Honor vows it is not a stool pigeon, as the bird which lit on his shoulder had very little to say.

SAUGERTIES NEWS

VFW Day Planned At Castle Point

Saugerties, Sept. 7.—The third annual VFW Day celebration is slated for Sunday, Sept. 19, at Castle Point Hospital beginning at 3 p. m.

Mrs. John E. Drewes of Saugerties, who is VFW representative at Castle Point, said that approximately 102 auxiliaries and posts in District 2 have been invited to participate.

The highlight of the day will be the parade of the auxiliaries and posts which will be led by the Saugerties Drum Corps and will begin at 3:15 p. m. Following the parade various groups will visit the wards distributing fruit baskets and cigarettes.

The public is cordially invited and a bus will be chartered for any members of the local Saugerties Memorial Post 5034 and auxiliary who would care to attend.

Returns Reported For Scout Campaign

Saugerties, Sept. 7.—The annual finance drive for the Boy Scouts of America was completed this week in both Malden and West Camp. Finance team captain Glen Fish of Malden reported that \$90 had been collected.

Finance team captain Charles F. Brown of West Camp reported that \$83 had been collected.

Dartball Meeting

Saugerties, Sept. 7.—The West Camp Dart Ball team has scheduled its first meeting and practice session for the new season. The group will meet Wednesday, Sept. 8, at 7:30 p. m. in the West Camp Parish Hall. They will open the season at home against Mt. Marion, Sept. 13, at 8 p. m. This coming season the West Camp team will be under the leadership of Joseph Sinnott.

Scouts to Meet

Saugerties, Sept. 7.—Boy Scout Troop 33, Malden-West Camp and Explorer Post 130, Tuesday at 7 p. m. in the West Camp Parish Hall. Boy Scout Troop 35, Glasco, today at 7:30 p. m. in St. Joseph's Church Hall, Glasco. Boy Scout Troop 37, Quarryville, Wednesday, 7 p. m. in the Quarryville Parish Hall. Boy Scout Troop 31, Centerville Fire Co., Wednesday, 7:30 p. m. in Centerville Fire Hall. Boy Scout Troop 36, St. Mary's Church, Thursday 7 p. m. at St. Mary's School. The first session of the Cub Leader's basic training course will be held Thursday, Sept. 23, at 7:30 p. m. sharp at the VFW Hall on Livingston street.

Town Board Okays Bus Petition Plan

Saugerties, Sept. 7.—The Town Board of Saugerties has approved a petition applying for consent to operate a motor bus from Kingston running through Mt. Marion to Saugerties. The petition by Julius Lipton of Lipton's Bee Line, 549 Albany avenue, Kingston, was presented at Thursday's meeting.

According to the petition the proposed bus line would begin at the Crown Street Terminal in Kingston and would proceed on the Old King's Highway through Mt. Marion and continue on the Mt. Marion road to Route 212 (Saugerties - Woodstock road). The route continues on the Saugerties-Woodstock road to Veterans and then turns about and continues on into the village to the terminal in Saugerties.

Cementon Will Get West Camp Pupils

Saugerties, Sept. 7.—A special meeting of the resident voters in the West Camp School District voted to send 20 pupils to the Cementon school in Greene county.

The meeting of more than 25 residents at which Vernon

Asher, chairman, presided thus solved the problem which confronted them since the time it became apparent that the Malden District School was unable to accommodate the overflow from the West Camp school.

The West Camp school under one teacher, Richard Peetoom, has an enrollment of 20 pupils from kindergarten to and including third grade. The children from fourth to seventh grades will go to Cementon, 30 in eighth and high school go to the Saugerties schools and 7 go to St. Mary's School.

District Scouters Plan Honor Court

Saugerties, Sept. 7.—The highlight of the scouting fall program will be the Saugerties District Court of Honor slated for Thursday, Sept. 30, in municipal auditorium starting at 7:30 p. m.

A tentative program was formulated at the scouters' round-table held during the regular district meeting last week. The program includes special ceremonies in which awards will be made to Scouts in all classes. Cub Scout awards will also be made at this event. The entertainment highlights will be an Indian Dance presented by Explorer Post 130, VFW under the direction of William Plimley, explorer advisor. The new pictures taken of the features at Camp Tri-Mount also will be shown on a slide projector.

Two new appointments were announced at this session. Abraham Levy of Saugerties was appointed as chairman of health and safety and William Brockway of Malden-on-Hudson was selected as assistant scoutmaster of Troop 33, Malden-West Camp. Brockway is an Explorer Scout of Post 130.

Dartball to Open Season on Sept. 13

Saugerties, Sept. 7.—The Saugerties Dartball League schedule for the 1954-1955 season gets underway Monday, Sept. 13, at 8 p. m. when 14 teams clash in the opening games of the season.

This season will see three new teams entered in the competition. Teams are Glasco AC and Veteran. The schedule for opening night is as follows: Ruby at Katsbaan, Service Center at West Saugerties, Glasco AC at Cedar Grove, Centerville Fire Company at Trinity, Veteran at Centerville, Mt. Marion at West Camp, and Quarryville at Glasco AC.

For those teams playing the new teams the Trinity team will play at the parish hall in the Trinity Episcopal Church on Hill street and the Glasco AC home court will be the old Glasco movie house now owned by Fred Davi.

Village Notes

Saugerties, Sept. 7.—Charles Sasso, Glasco School District census enumerator, is canvassing the Glasco district. He has requested that any one who was missed for any reason or any families with children who have recently moved into the district should contact him.

The Ladies' Aid of the Katsbaan Reformed Church will meet at the home of Mrs. Katherine Snyder in Centerville Wednesday. The important business of the session will be the election of officers for the coming year.

Smith Has Heart Attack

New Rochelle, N. Y., Sept. 7 (AP) — Bob Smith, 36, the "Buffalo Bob" of the "Howdy Doody" children's television show on the NBC network, was reported in "good condition and resting comfortably" today following a heart attack. Smith, who was stricken at his home early yesterday, is under treatment at New Rochelle Hospital. Smith is the star of the "Bob Smith Show" on NBC radio and television. The "Howdy Doody" show yesterday used some film previously made by Smith, and NBC planned to continue doing this for the rest of the week.

Real Estate Transfers

The following deeds have been filed in the office of the county clerk:

Dorothy Sutta of Ellenville to Max Hoffman of Nanapanoch, land at Honk Hill. Consideration \$1.

Philday Realty Corp., Bronx, to Phillips Schenckerman, Bronx, land in town Rochester. Consideration \$1.

George L. Delaney of New York and Benjamin C. Delaney of Kingston to Carrie Deitz of Kingston, land on Andrew street, Kingston. Consideration \$1.

Elmer Schultz and wife of Claryville to Amelia Robinson of Highland, land in town of Denning. Consideration \$1.

Donnydyck Corp., New York to Ralph Generale and Louis Boccio of New York, land in town Esopus. Consideration \$100.

Marianna Lo Presti Catalano of Brooklyn to Magno Soriente of New York city, land in town of New Paltz. Consideration \$1.

George C. Kent of Hurley to Christopher D. Morris and wife of Kingston, land in Hurley. Consideration \$1.

Frank W. Reil of Kingston to Richard C. Fuchs and wife of Jamaica, land in town of Hurley. Consideration \$1.

John R. Donovan of Ellenville to Robert Wood and wife of Ellenville, land in Ellenville. Consideration \$1.

Mildred Wollner of Pine Hill to Alfred Russell of Great Neck, land in town of Shandaken. Consideration \$1.

Thomas W. Durivon and wife of R. T. Saugerties, to John Duroska and wife of Closter, N. J., land in town of Saugerties. Consideration \$1.

Heinz Kiehmayer and wife of Highland, RD., to Josephine R. Mondovano and wife of New York, land in town Lloyd. Consideration \$1.

George M. Decker of Wallkill, executor of Daisy E. Gilbert, to Charles O. Jenkins and another of RD Wallkill, land in Wallkill. Consideration \$14,000.

Benedict Crimi and wife of Highland to Alfred Cooper and wife of Highland, land in town of Lloyd. Consideration \$1.

Cora Christian of Pine Bush to Joseph A. Palladino of Brooklyn, land in town Gardiner. Consideration \$1.

Walter G. Smith and wife of Wallkill to Andrew Ruger and Laura W. Ruger of Wallkill, land in town of Shawangunk. Consideration \$1.

John Ferraro and wife of Kingston to John S. Ferraro, Jr., and wife of Kingston, land on Dietz Court, Kingston. Consideration \$1.

Milo Ives and wife of Pomona to Herman Fayer of Ellenville, land in town of Wawarsing. Consideration \$1.

Abraham Hildes of Bronx to Louis Budnick of New York, land in town Marlborough. Consideration \$10.

Madeline T. Smith of Spring Glen to Vernon Thornton and wife of Spring Glen, land in

town of Wawarsing and Mamaroneck. Consideration \$1.

Leona Greenstein to Hans Herman Arnold and others, 96 acres in the town of Esopus. Consideration \$1.

Theresa A. Berinato to Frederick P. Smith, land on north-easterly side of Manor avenue, city of Kingston. Consideration \$1.

Leona Greenstein to D. Eleanor Moore, land in the town of Esopus. Consideration \$1.

Domenico Parise and wife to Frank DeCicco and wife, land at East Kingston, town of Ulster. Consideration \$1.

Washburn Brick Corporation to Charles A. Carpio and wife, land at Glasco, town of Saugerties. Consideration \$1.

Carlton T. Plympton and wife to Flora Anzola, land in the town of Shandaken. Consideration \$1.

Michael J. DiBenedette and wife to John Arena, land in the town of New Paltz. Consideration \$1.

Bartolo Donato to Dominic Donato, and others, land in the town of Ulster. Consideration \$1.

Abram A. Deyo to Clarence J. Deyo and Arthur A. Deyo, land in town of Rosendale. Consideration \$1.

Emilio Ciotti, Neil Berrone and Louis Dellana to Raymond Valleggia and wife, land in the town of Rosendale. Consideration \$1.

Emilio Ciotti, Raymond Valleggia and Louis Dellana to Neil Berrone and wife, land in the town of Rosendale. Consideration \$1.

Neil Berrone, Raymond Valleggia and Louis Dellana to Emilio Ciotti, land in the town of Rosendale. Consideration \$1.

Virginia Siegel to A. Thomas Mastell, land in the town of Shandaken. Consideration \$1.

Helen Garabrant to Theresa Berinato, land on the southwest side of Webster street, city of Kingston. Consideration \$1.

William Mullen to Elizabeth Kearney, land on westerly side of Market street, village of Saugerties. Consideration \$1.

D. Nelson McElhenney and wife to John T. Casey and wife, land in the town of Gardiner. Consideration \$1.

Florence M. Wilkow to Fannie Cramm, land in the town of Lloyd. Consideration \$10,000.

Karl Goelrich to Horace G. Bollen, land in the town of New Paltz. Consideration \$1.

Horace G. Bollen to William L. Jones and Henry Jones, land in the town of New Paltz. Consideration \$1.

Borden Lakes Estate, Inc., to Donald E. Ross and wife, land in the town of Shawangunk. Consideration \$10.

Philip Mandia and wife to Sigmond Wilczek and wife, land in the town of Marlborough. Consideration \$1.

Marie Traffacanda to Joseph Martello and wife, land near Lake Katrine, town of Ulster. Consideration \$1.

C. B. O'Reilly, Inc., to Mrs. Helen Garabrant, land in the city of Kingston. Consideration \$1.

to have a child. Hospital spokesman Rod Bell quoted Mrs. Walker as saying she noticed Mrs. Harris go to the window and stand there a minute. Mrs. Walker said she paid little attention until she noticed Mrs. Harris had disappeared. Mrs. Walker called nurses and doctors, who ran downstairs and found Mrs. Harris' body. She was dead then, doctors said, but they rushed her to the emergency room and delivered an 8 pound, 6 1/2 ounce son.

Driver Is Killed

Woodbridge, N. J., Sept. 7 (AP) — A bus load of soldiers bound for Fort Dix collided with a tractor trailer truck on the N. J. turnpike early today, killing the driver and injuring 32 GI passengers, nine critically.

New Paltz Bids Are Presented For New Tank Truck

New Paltz, Sept. 7.—In the absence of Mayor Robert Reid, Trustee Robert Jansen presided over the recent regular monthly Village Board meeting. Before the meeting convened several dealers presented their bids to the board for their consideration on the purchase of a new tank truck for the volunteer firemen of New Paltz. A special meeting was planned between the village board and the town board to discuss these bids and the possible selection of one.

Mrs. Shirley Swain questioned the board about the plans for patrolling South Chestnut street at Hasbrouck avenue. She recalled that several years ago this same corner had been patrolled during the school term, but was discontinued last year. It was felt that this is a dangerous crossing for small youngsters and Jansen assured Mrs. Swain it would be looked into. Jansen said so far as he knows there had been no provision made for this street.

Richard Lent, councilman of the town board, asked the board about fire hydrants outside the village limits where some have been requested. The price of hydrant rental was set \$75. There is a considerable amount of building going on outside the village limits, which will involve a number of families in this matter eventually.

Several requests were made to have village water piped to their newly constructed homes outside the village limits. It was pointed out that these people will have to pay to have the water line put in themselves. A request is being made to Stanley Hasbrouck to relay that portion on Elting avenue of the sidewalk wherever it does not conform to the grade of the street.

A report of the building inspector for the village Building Code showed that he issued 23 permits since February.

Mr. Lent offered the full support of the town board in backing up the village board should the board decide to act on the proposed zoning in the village. There will be more discussion on this subject in the near future.

Dies in Fall, Child Born

Dallas, Sept. 7 (AP) — An expectant mother tumbled to her death from a third-floor window at Parkland Hospital last night, but doctors safely delivered her baby boy minutes later by caesarian section. Mrs. Elnora Marie Harris, 23, had arrived at the hospital about an hour earlier to have her second child. She was in a ward with Mrs. Patricia Walker, 21, also there

Fair Will Open Wednesday at Fair St. Reformed

Vacationland Fair will open Wednesday at the Fair Street Reformed Church grounds, Fair and Pearl streets, and will be continued through Thursday afternoon and evening. This year a new theme has been adopted for this annual affair.

As usual there will be booths where many articles will be on sale during both afternoon and evenings of the two days.

A noon lunch will be served at the refreshment booth from 11 until 2 o'clock each day and on Wednesday at 5:30 and 6:30 a roast beef dinner will be served in the church auditorium. Reservations for the dinner will be limited to 100 at each sitting. On Thursday at 5 o'clock a cafeteria supper will be served.

INCLUDED on the program for the fair will be games for both old and young and various forms of other entertainment.

Among the booths at the fair will be the domestic, handicraft, parcel post, food, candy, flower, holiday gifts and others including a "Cobweb" booth where odd articles, crockery and furniture will be on sale. The Sunday school will also have a booth with articles on sale. The fair is open to the general public and reservations must be made in advance for

the roast beef dinner Wednesday but at the cafeteria supper Thursday evening serving will be open to all until everyone is served.

Pilot Is Killed

Tokyo, Sept. 7 (AP) — The Far East Air Forces said Sunday night 1st Lt. Richard Geriak of Yonkers, N. Y., died Thursday in a jet crash off the island of Okinawa. Geriak's jet crashed into the Pacific Ocean shortly after he took off from an Okinawan air base. The plane sank but Geriak's body was recovered.

THE TEXAS ELECTION

The victory of Governor Allan Shivers in the Texas primary runoff is one of the most striking election results of the year so far.

Shivers could hardly have been in a more vulnerable position, according to the standard rules of politics. He was seeking an unprecedented third term as governor. And in 1952 he had bolted the regular Democratic leadership to work for the election of President Eisenhower.

Shivers was a considerable factor in Mr. Eisenhower's capture of Texas by 135,000 votes. One of his lieutenants managed the Ike campaign. The feeling then was that Shivers would not dare thereafter to run for governor in 1954.

When he failed to get a majority of all votes cast in this year's initial primary, political seers thought they saw the handwriting on the wall. He was thrown into a runoff with Ralph Yarborough, whom he had beaten handily in a previous race.

Yarborough's prospects seemed brightened by the success of Democratic candidates generally regarded as liberal in other important southern primaries in Arkansas, Alabama, North Carolina and Tennessee. Shivers, of course, is identified with his party's conservative wing.

But Shivers won by nearly 100,000 votes. This smashing triumph is a rebuff to Democratic regulars in Texas, and to the northern and southern liberal elements of the party. It definitely mixes up the trends in the South, which until now had appeared to be veering clearly in a liberal direction.

Most of all, it demonstrates that a politician can survive insurgency. Over the years the bolters have been relatively few. Some have suffered severely for their departure from regularity. But Shivers, despite the need of a runoff to prove it, has come off pretty much unscathed.

To interpret Shivers' victory in terms of 1956 possibilities is riskier business. Because Shivers bolted in 1952 that does not mean he will repeat in the next presidential test. Nor that he would necessarily succeed in taking Texas with him if he tried.

By his unusual gesture of congratulation to Shivers for his success, Mr. Eisenhower may have been doing his best to assure that Shivers would be in his corner again in 1956. But probably not even the Texan himself could say for certain now what he will do when that time comes.

Whatever happens, he has given leaders of both parties a good deal of food for thought. And he has confounded the sages who declare that party bolting is political suicide.

KOREAN PRESS FREEDOM

The Education Committee of the Korean National Assembly has decided not to consider a government-sponsored bill to restrict foreign news agencies, operating in South Korea. The bill proposed that foreign news agencies secure permission from the government to operate in Korea, and that permission be withdrawn from any news agencies which make reports harmful to the government or in any way distort stories. What the bill amounted to, in effect, was press censorship.

The Korean Education Committee is to be congratulated for its stand. Democracies do not need the protection of press censorship. Under extraordinary circumstances, such as war, some censorship is understandable and justified. But a nation which imposes restriction on what foreign correspondents can report usually has something to hide.

Good men died in Korea in the name of freedom. Some of them were Americans, some Koreans, some from every corner of the world. It is good to know that there are Koreans ready to protect and put into practice the freedoms for which they gave their lives.

There's a rumor that builders in some towns are selling houses with no down payments. There's undoubtedly a catch in it,

'These Days'

By GEORGE SOKOLSKY

PUBLIC LAW 557

One of the most serious effects of our failure in the so-called Cold War against Soviet Russia is that Congress and the Administration are being forced by legislation to fight that very strange institution, the Communist Party, U.S.A., which while small in numbers makes a terrific impact upon this country. One of the laws is designed to make it difficult for those who belong to this party to publish books, pamphlets, newspapers, circulars, etc.

Up to this year, no law of this nature existed on our statute books, except that the Post Office was given authority to reject certain salacious, immoral, or indecent matter through the mails. Over the years, the Post Office has used these powers lightly.

Public Law 557—83rd Congress, in effect, sets up a power in the Attorney General's office to determine whether any printing establishment is engaged in publishing Communist literature. The law does not give the Attorney General much power to do anything about it, but he may compile lists of such printing companies and there is no reason why he may not publish such lists, and in the present state of public opinion, it is impossible that printers so listed may find themselves without customers.

The new law, which is an amendment to the Internal Security Act, is short and altogether clear. It reads:

"(6) A listing, in such form and detail as the Attorney General shall by regulation prescribe, of all printing presses and machines including but not limited to rotary presses, flatbed cylinder presses, platen presses, lithographs, offsets, photo-offsets, mimeograph machines, multigraph machines, multilith machines, duplicating machines, ditto machines, linotype machines, typesetting machines, monotype machines, and all other types of printing presses, typesetting machines or any mechanical devices used or intended to be used, or capable of being used to produce or publish printed matter or material, which are in the possession, custody, ownership, or control of the Communist-action or Communist-front organization or its officers, members, affiliates, associates, group, or groups in which the Communist-action or Communist-front organization, its officers or members have an interest."

Many more than the Communists come within the provisions of this law. Let us say that an important book publisher is discovered to have among its officers a person who has appeared before a Congressional committee and in reply to a question as to whether he belonged to an organization which appeared on the Attorney General's list of subversive organizations, either said "Yes" or took a plea of the "Fifth Amendment." The publisher issues, let us say, many general books, among them some by Communist or fellow-travelers. Would such a company come within the provisions of this act?

Or, to continue hypothetically, could it apply to a national magazine or one of whose editors were proven Communists and the magazine published an interview with Malenkov or Molotov or even with William Z. Foster? Would it apply if the publisher was not aware of his editor's relation to the universal conspiracy?

We have here something altogether new in American life. There is no licensing of the printing business because that would be a violation of the First Amendment, under which a Communist or Anarchist or Fascist press has as much right to exist as the newspaper you are now reading. This new law simply lists firms employing various devices for making available a publication. Then the government would depend upon public opinion.

This country has not known the secret printing establishments which have existed for a century of revolution in Europe and more recently in Asia. In many countries, all enterprises associated with any kind of publication have to be licensed and the license can be revoked at any time without much due process of the law. In Czarist Russia, there used to be a sort of whipping boy, the nominal editor who went to jail when a license was revoked so that the real editor or publisher might not be incarcerated.

We are not coming to anything like that in this country, but the fight against Communism is forcing us to take measures which this nation has happily avoided in the past. Perhaps had the Communists been taken more seriously when they were doing their greatest damage, we should not have come to the day when such a law as Public Law 557 would have been even considered.

That Body of Yours

By JAMES W. BARTON, M.D.

COMMON CAUSES OF BACKACHE

Backache is one of the most frequent and perplexing problems with which most physicians are faced. This is not difficult to understand when we realize that underneath the skin covering the lower back are a great variety of special structures, each being related to one another with a supporting structure, the spinal column of vertebrae, so constructed to cover all the muscles and tissues yet each vertebra articulates or forms joints with the other vertebrae. The entire structure is held together with strong ligaments. The important movements of the entire body—walking, sitting, lying, standing—depend upon the back. Many different types of nerves come from and pass through the back. Many organs in the chest, abdomen and pelvis are maintained in their normal positions by their attachment to the back.

There is no wonder, then, that pain and loss of proper function may be produced in the back by a variety of different conditions which may involve a single structure or combinations of different structures. Finding the cause of backache depends upon recognition of the location and the nature of the underlying illness. This requires a complete history of the details of the pain and a thorough physical examination of the entire body, and sometimes special studies such as X-rays.

What are some of the commonest causes of backache? Let us consider first pain arising from lesions (any hurt, wound or local deterioration) of the bones of the spine.

1. Trauma (injury). This may be from injury to the soft supporting tissues of the back or may be fractures or fracture-dislocations. This is especially true in most cases of the lower part of the spine where much of the support of the trunk is provided.

2. Spontaneous osteolysis—forward displacement of the vertebrae in the lower back, which usually means a forward bending of the back. Most authorities consider that persons are born with this defect and it may be injured at the weak spot aggravating the symptoms.

Another common cause of backache, especially in women after the age of 50 is osteoporosis which is a condition of the bones in the spine becoming porous, less dense, due to a failure on the bone-making mechanics of the body. It has been estimated that of all women over 50 years of age, 10 per cent have some degree of osteoporosis. This patient usually has pain throughout the entire spine. Decrease in height and a round back deformity may become apparent. Even minor injury to these spines causes very severe pain.

Tomorrow we will consider more common causes of backache. There are very few of us who have not had, at one time or another, a backache.

but that noise you just heard was the rush of young people hurrying in to get caught.

Recess for Mother

Edson's Washington News Notebook

Washington — (NEA) — The

Oppenheimer case is being restudied. The 990-page, fingerprint record of hearings before a three-man board headed by President Gordon Gray of University of North Carolina, which went into every phase of Atomic Scientist J. Robert Oppenheimer's fitness for top-secret clearance has been referred to the new Internal Security division of Department of Justice.

It is headed by new Assistant Attorney General William F. Tompkins, who has been given charge of all government security cases. Under his direction, the Oppenheimer record will be re-examined to see if it contains the basis for false statement, perjury, espionage or other charges against any of the individuals mentioned in the Atomic Energy Commission's report.

The Oppenheimer case was before the Department of Justice from July to December of 1953, when the lifting of his "Q" security clearance was being considered and denial of his access to top secret material was ordered by AEC. In March Dr. Oppenheimer requested a security board hearing and the Gray board was set up to handle it.

In April, the Gray board found 16 of 24 charges of past associations with Communists or Communist causes true or substantially true. The case is now closed as far as AEC is concerned. Any further action will be up to new findings of the Department of Justice.

partment of Justice Internal Security division.

IN THE CONGRESSIONAL session windup, while the House was waiting for the Senate to catch up on unfinished business, several of the representatives took time to do a little predicting—not on the outcome of the November elections, which would be normal, but on the World Series.

Rep. Francis E. Dorn (R-N. Y.) who represents the 12th district which is solid Brooklyn territory, started it. "Since the session is drawing to a close," he said, "I wish to call to the attention of the members of the House, particularly my colleagues from New York City and Wisconsin, that it is important they contact the management of the Brooklyn baseball team, if they want World Series tickets."

Rep. Herman P. Eberharter (D-Pa.) was quick to note that the Pittsburgh Pirates, though still in last place, "took it upon themselves to put a little stumbling block in the way of Brooklyn's winning streak."

Then Rep. Alvin E. O'Konski (Wisc.) took issue with the distinguished statesman from Brooklyn. "I think the gentleman has committed a terrible error, because the World Series is going to be played at Milwaukee County Stadium," he said.

Rep. Albert P. Moran (R-Conn.) had the last word. "I think you are both wrong," he said. "The New York Giants will win the pennant."

Twenty and Ten Years Ago

Sept. 5, 1934—Andrew Ryan of West Camp, was treated at Kingston Hospital for snake bite.

Reported trouble on a picket line at the Fuller shirt factory resulted in one arrest on an order to conduct charge.

Sept. 6, 1934—Mr. and Mrs. U. G. Edinger of West Chester street observed their 58th wedding anniversary.

The Federation of Sportsmen's Clubs of Ulster County planned a field day for Oct. 14.

Sept. 7, 1934—Lancelot Phelps of West Chester street, was appointed to succeed Louis Stock as a member of the Board of Public Works.

Ruben Riel of Stephan street, died.

Sept. 5, 1944—An earthquake,

which rocked the northern section of the nation was felt in the city and county.

The Common Council voted in favor of erecting a memorial to the memory of Jack Robins, former city baseball star.

Sept. 6, 1944—An Albany report said the state had only six counties free of polio.

Mayor William F. Edmundo announced that no local black-out tests were expected here before November.

Sept. 7, 1944—Roscoe V. Elsworth, recently nominated for Supreme Court Justice, was due to retire as county Republican leader Sept. 11.

A first warning was issued for the early mailing of Christmas packages to those serving overseas with the armed forces.

Believe It or Not!

Today in Washington

Watkins Says Senate Does Not Rely Upon Precedents for Decisions

By DAVID LAWRENCE

Washington, Sept. 7—Senator Watkins of Utah, chairman of the special committee of six which is considering the resolution to "censure" Senator McCarthy of Wisconsin, says frankly that the Senate makes up its own mind irrespective of "precedents."

What the public doesn't realize perhaps is that some of these "precedents" are very bad and constitute conduct unbefitting to the United States Senate itself.

For it will hardly be believed today but there were 28 United States Senators who once voted to unseat the duly elected United States Senator from Utah, Reed Smoot, because he was a high official of the Mormon Church and because various senators didn't like the church's attitude toward polygamy.

Although the Constitution says "no religious test shall ever be required as a qualification to any office or public trust under the United States," a motion was made in the Senate on January 27, 1904, to unseat Mr. Smoot. He was not a polygamist. He was not a Mormon. He had already issued a manifesto banning plural marriages but nevertheless after a protracted investigation a Senate committee rendered on June 11, 1906, a majority report recommending that Mr. Smoot be unseated. On February 20, 1907, the Senate itself voted 42 to 28 to permit him to retain his seat and 20 senators did not vote. Mr. Smoot became one of the most respected members of the Senate, was re-elected several times, and for several years served as chairman of the all-powerful finance committee. Another Mormon—Senator Watkins of Utah—is one of the most respected members of the Senate today.

If the Senate, however, had the power in 1907 to expel a member because the Senators of that day didn't like the Mormon Church, another group of Senators tomorrow can expel someone else because the Senate may not like the allegiance of a senator to the Catholic Church or to some other church. No court can restrain the Senate or the House from doing an improper thing with respect to its members as each House is the sole judge of the qualifications of its members.

This makes it all the more important that United States Senators should not be governed by the passions or hysteria of the hour and that they now should establish a set of "standards" and in the investigation of the new rules should not be imposed on any senator on an ex-post facto or retroactive basis.

For there is hardly a single charge leveled against Senator McCarthy which could not have been made the subject of a "censure" resolution against many other senators in the past.

Take the charge about the alleged FBI document to which Senator McCarthy referred during the McCarthy-Stevens hearings but which he never made public. It contained data on personnel procedures rather than national security secrets. Yet if the "standard" is that a senator cannot make public information arbitrarily marked "top secret" by an executive department or agency, then the case of Senator Edwin J. Johnson, a Democrat, could have been investigated for possible "censure" because of what he revealed

Clothes Make Man?

New Orleans (AP) — "Hurricane" the excited caller told police headquarters. "There's a man hanging from a window on the 12th floor of the hotel." Police squad cars reported back, "Just a pair of pants drying—cancel call." Freeman Francis, a clothes presser at the hotel, had washed the trousers and hung them out the window on a piece of twine. To the utterance nearby the shadow of the swaying trousers on the side of the building looked like a man.

AS PEGLER SEES IT

By WESTBROOK PEGLER

New York, Sept. 5—Although stealthy efforts are now being made by rich eastern "internationalists" to buy control of the national and state governments through slush-funds, we have already seen the definite defeat of one such venture by the unions. It is not excessively optimistic to say that that attempt has failed. It was at its worst in Roosevelt's reign, but the decline began under Truman and by now we can say with confidence that the power of the brass, gross union adventurers is not a menace to our domestic peace.

Nevertheless, a few individuals did wreak great permanent damage to our constitutional government and our economy. But for them, the national government would not have been able to inflict compulsory union membership on many millions of workers who thus were compelled to pay actual money tribute to these dragons. But for them, Roosevelt would not have been able to inflict on us the Labor Relations Act and the Labor Relations Board. But for them, Senator Taft would have dared to go all the way and repeal the whole evil system absolutely. Taft was honest but he was a politician who realized that he could go only so far and no further at that time.

In his 1944 campaign, Tom Dewey abandoned every worker in the United States to the ruthless power of the union bosses as a bid for their political support. He said the Labor Relations Act and Board were a definite and permanent part of our government. However, Dewey was caught in a tide of more and more features of the constitutional republic. Few officeholders or aspirants for office tried to swim upstream. Even Taft made a number of drastic concessions, failing

which he would not have been elected in Ohio, a strong union state.

Dewey could not foresee the reaction. Taft did.

During Roosevelt's reign the bosses of the rich big unions were shockingly defiant. They ignored the Constitution and they correctly appraised the quality of the citizenship of a majority of the people. The politicians realized that they couldn't serve their beloved country without getting elected. And they realized that, as things were then, to get elected, they had to propitiate the union bosses and promise not to oppose their works.

It is a strange fact that for all their power and ruthlessness, the boss unioners were unable to buy a totally obedient majority in the national Congress. They were completely cynical in their threats and promises. In one congressional election, Dan Tobin, then president of the Teamsters, flatly declared that his union was going to spend as much money as might be necessary to elect a "labor" Congress. However much he spent, the next Congress was pro-union.

But, on the whole, the unioners were clumsy and inefficient.

Q—Has the federal government ever intervened in a state crisis without the request of the state government?

A—Yes, during the Pullman strike in 1894, when President Cleveland sent federal troops into Illinois on his own initiative. His reason was that the strike affected the carrying of the mails.

Q—In what manner does a dog perspire?

A—A dog has sweat glands only in the soles of his feet. The moisture that we eliminate in perspiration he takes care of in his panting.

So They Say..

It is not exaggeration to say that never before has American military power been so great relative to that of any avowed or prospective enemy. —Undersecretary of State Robert Murphy.

A man who has had a job and loses it is in a depression. —House Democratic Leader Rayburn defines a depression.

It is more clear than ever that if farmers ever achieve parity, they will have to get a Democratic Congress first. —Democratic National Chairman Stephen Mitchell.

Questions—Answers

(Continued on Page 8, Col. 2)

Clearing the Notebook

By FRANK TRIPP

Maybe you have the same habit at a newsstand. I never take the top paper from the pile, and one day the dealer inquired why. I couldn't give a reason, but later figured it out; the way psychiatrists dig into the past to account for people's idiosyncrasies.

Like many another, I started selling papers before I could read them. When I got so I could, I became an avid newspaper reader and would walk along the street, bundle under arm, drinking in the news from the first page of the latest edition.

One day a man accosted me to buy a paper and I handed him the one I had been reading. "I don't want that one," he said. "It has been read."

Too young to catch the twinkle in his eye, I pulled one from the inside of my bundle, took his penny, and stood for some time, a bewildered boy.

For weeks no potential customer could catch me reading one of my papers and I never offered the top paper from the stack. It became a habit that has followed through life. To this

day I won't accept the top paper. There must be something to this psychology business.

"DON'T RETIRE; die in the harness." How often we hear that one! While it isn't true that all who retire die early, it is true that, if they live, often they become forgotten.

When "Who's Who in America" celebrated its 50th anniversary few men then living had appeared in its first issue. Among the few were Joe Mitchell Chappell and William Randolph Hearst.

When they crashed the big name book both were prominent in the writing and publishing world and remained so for many years. Then Joe retired. Mr. Hearst stayed active to his death.

No need to tell the attention which the world-wide press gave Mr. Hearst's death. Joe Mitchell Chappell, who might have remained as famous in his field, and once was known to every publication in the land, passed on almost unnoticed. Even Editor & Publisher gave his death only ten lines.

Because a new generation of publicists had never heard of him. Remember that, when your home town paper seems to slight the passing of some old pal of yours. The new boys didn't know him.

EVEN PICKPOCKETS can prove useful. A doctor acquaintance picked up a hitchhiker when en route to a distant call. In his haste he ran a stop light and was hauled in by a traffic cop.

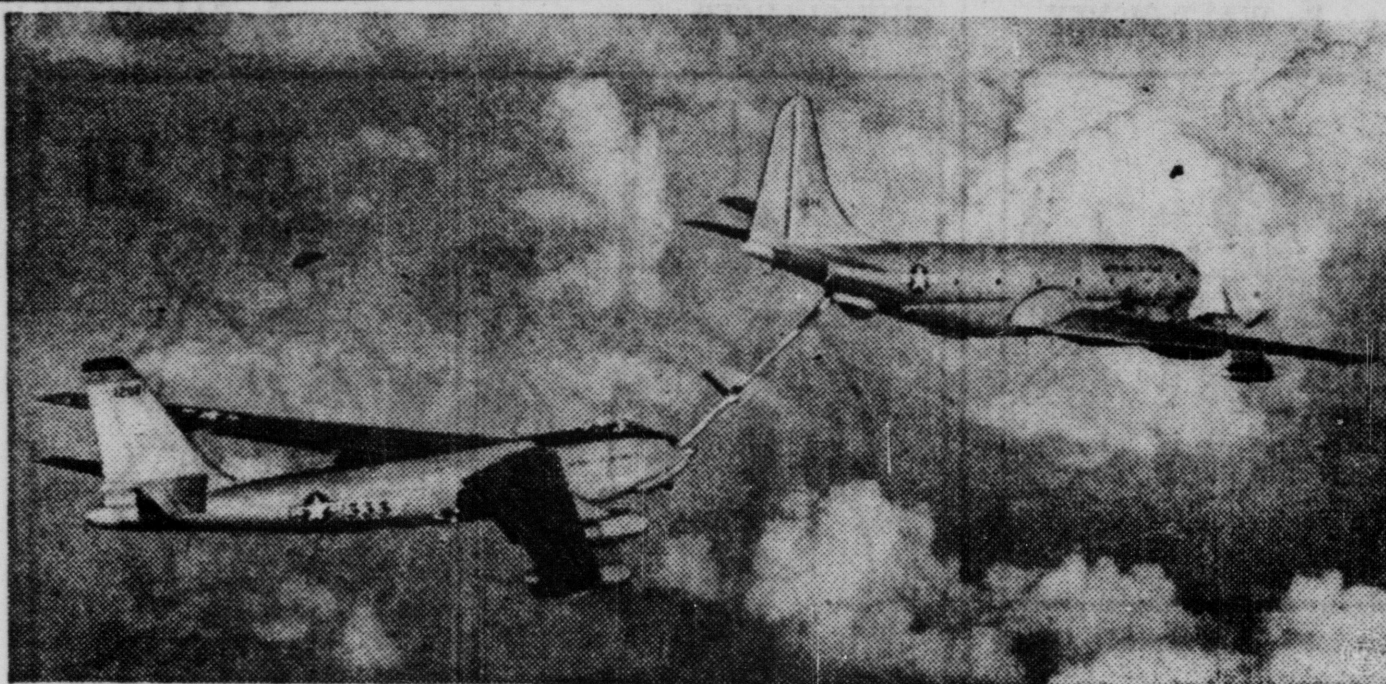

He talked the officer out of appearing in court immediately, accepted a ticket to turn in next day. Riding along, he complained to the hitchhiker what an inconvenience it was going to be.

"You don't need to go back, pal," said the passenger. Then he handed the doctor the copper's duplicate pad of records of his day's catch, which he had lifted from the officer's pocket. That's one way to pay for a ride.

MANY OLD-TIME detectives knew most of the pickpockets who followed the circus. Mid-forenoon of circus day they would round them up and tell them to move on to the next town. Sometimes the cops and the crooks were even chummy.

I rode once in a police patrol wagon with Detective Charlie Gradwell and three of the daps he was taking to headquarters to get their moving orders. One was very talkative and reminisced of better days before the cops got his number. As he got out of the wagon he said: "So long, Charlie—here's your watch."

IT'S LIKELY that there is no

HAVING A MID AIR DRINK—During a practice refueling mission above MacDill Field, Fla., a B-47 Stratojet takes on a load of fuel from KC-97G "flying service station." Stretched between the two planes is a Flying Boom, a rugged, telescopic, controllable pipe. Recently three B-47's completed a nonstop 6700-mile flight from California to Japan refueling several times en route.

job in the world that hasn't an interesting side to it, unless perhaps it's boring fish. If you never aimed to be a meter reader, maybe you'll change your mind upon the testimony of this one.

"I ain't tellin' where," he said, "but there's a house on my beat that's got a zoo in the cellar, snakes 'n' everything. There's another where a guy is raising chickens and one where they're growing mushrooms. Another is full of rabbits. The nicest folks though is them that leaves me a bottle of beer on top the meter."

"You must make the acquaintance of a lot of people," I suggested.

"Yes, mostly women. But I never know 'em except by house numbers. Don't do much good to meet 'em. You never recognize 'em on the street. You only see 'em without their war paint." (Copyright, 1954, General Features Corp.)

Red War Record

Kuala Lumpur (AP)—The six-year state of emergency in Malaya to fight the Communist terrorists has cost them a total of 5,120 killed. A government statement says that security forces also have wounded 2,354 terrorists and another 1,398 surrendered. This is not a one-sided war, however. In the six-year period, the terrorists have killed 2,308 civilians and wounded 1,303. A total of 681 civilians are missing. Troops have lost 431 killed and 799 wounded. Casualties among police totaled 1,241 killed, 1,439 wounded and 14 missing.

To Save Money

Fredericksburg, Va. (AP)—A resident here has been arrested for drunkenness 42 times in six months. Under the old law the maximum punishment was a fine of \$10 and costs. The new law provides for a \$25 fine and up to six months in jail. On his 42nd offense the man got the fine and 90 days in jail where liquor isn't available.

THIS IS FUN?—You'd never know it from their facial expression, but these girls are supposed to be enjoying their ride on the parachute jump at Coney Island, N. Y. Strapped to a seat, riders are lifted by cable to a tower 250 feet above the ground. The release is tripped and they plummet 30 feet before the parachute opens to break the fall.

HEALTH FOR ALL

SEARCH FOR A VACCINE

Since 1882 when the tubercle bacillus—the germ that causes tuberculosis—was discovered, men have been searching for a vaccine to make people immune to TB. In other diseases such as diphtheria and typhoid the discovery of the germ led to the discovery of fairly satisfactory methods of creating artificial resistance to infection. But tuberculosis has proved a harder nut to crack.

A tremendous amount of investigation by scientists has gone into the search for a vaccine against tuberculosis. The greatest amount of effort has been directed at producing a vaccine from dead tubercle bacilli. Methods used to kill the germ in its tough wax coating are almost beyond belief.

The germs have been boiled, subjected to superheated steam, frozen in liquid air, "puffed" in a vacuum like rice or wheat, starved, suffocated, ground, squeezed to death in a hydraulic press, subjected to killing doses of ultraviolet light, radi-

um, X-rays, and ultrasonic noise, and treated with a wide variety of antiseptic chemicals and fat solvents. And still the problem has not been solved.

One vaccine, BCG, made from a weakened strain of bovine tubercle bacilli, has definite, but not complete protective power against TB. It is not always able to protect, and when it does we do not know how long the protection will last.

New approaches to the problem of creating immunity to TB are now being studied by research scientists. Nutrition may play an important part in resistance to TB. The body's hormone balance may be another factor. Studies now going on in these fields may some day bring the answer to TB—a means of building up human resistance to the germs so that everyone can be protected from the disease.

This column is sponsored in the interest of better health by the Ulster County TB and Health Association, 74 John street.

A Column of Contrary Opinion

WILLISTON BASIN
A dozen prominent oil companies have a stake in the Williston Basin—that huge tract of land stretching from North Dakota and Montana into Canada. Its proper development will probably take a hundred years and by that time people will still be marveling at its potentialities.

My fan mail has lately brought many letters from investors who should not speculate in oil 'wildcatting' but who nevertheless would like to buy a growing value in the oil industry where the risk is not too great.

The Williston Basin, I believe, offers such opportunities. Millions of dollars are yearly being spent by leading corporations in uncovering the vast oil and natural gas riches of the Basin.

One of the greatest pioneering oil corporations in the world completed a discovery oil well in April of 1951 in the Basin. In 1952, 77 new wells were successfully drilled and in 1953, 129. So far in 1954, favorable operations have gone on apace. It is a remarkable record.

The genius of the geophysicists of America assures the proper and the rapid development of the Williston Basin. Today nobody knows what the riches of this territory are. But as expensive wells are driven and oil is produced in interesting quantities, it does not take much imagination to see that the Basin contains a pile of wealth.

Two problems face the companies operating there: transportation and refineries. It will be several years before these matters are mastered. Pipe lines costing millions of dollars and extending hundreds of miles are

now under construction. By 1955 the refinery situation will be satisfactory.

The interesting thing about these growing Williston Basin values is that the common stocks of the most of the development companies are seasoned equities. These enterprises have the resources required for development work and an investor does not have to assume undue risks in buying into such situations.

The Williston Basin in the United States covers over 60,000,000 acres and, as I have said, its proper development will take decades.

Some of the oil companies operating there (alphabetically arranged) are: Amerasia, Basin, Northern Pacific, Plymouth, Shell, Skelly, Standard of California and Standard of Indiana.

Interested readers may find in the statistical books the details of the operations of these companies. This afternoon I advised an investor to spend one day of his three-week vacation reading the fascinating literature to be found in most brokerage offices dealing with the Basin.

For those investors in their 20's and 30's, who can systematically save money, the Basin values, I think, are attractive. A good investment is one that pays a fair return and that, because of its inherent nature, will grow as time passes. I have traveled over the Basin several times and I come away always much encouraged by what is going on.

(Q) "Which of the Williston Basin stocks do you prefer?" (A) For conservative investment: Amerasia. For growth over a period of years: Northern Pacific. The latter is a small empire. It owns over 3,300,000 acres in the heart of the oil belt. The railroad earns present dividends comfortably and in the decade ahead oil revenues will increase. In addition, Northern Pacific owns 829,000 shares of Chicago, Burlington and Quincy.

Harry C. France will answer one letter each week through this column. If you have any investment questions, write in care of this newspaper. (Copyright 1954, General Features Corp.)

300 Tickets Are Sold for Charity Bake Sept. 13th

More than 300 reservations have been received for the fifth annual clambake of the Ulster County Hotel and Restaurant Liquor Dealers Association, the committee reported today. Reservations are expected to reach the 500 mark before the deadline on Wednesday, Sept. 8.

The bake, to be held September 13 at Spindler's Resort near Rosendale, has an unusual feature this year in that there will be no main bake, but food will be cooked as requested any time from 1 to 6 p. m. The menu includes 35 different items.

Net proceeds will go to the Cerebral Palsy fund and to other charities to be named. Last year's bake provided \$700 towards Cerebral Palsy work and also enabled the Association to provide some equipment for the Ulster County Tuberculosis Hospital.

Tickets, available to licensees, their business associates and friends, may be obtained from Emile Jordan, proprietor of the Chez Emile, 470 Broadway, until Wednesday. Attendance is by tickets sold in advance only.

The final meeting of the clambake committee will be held at the Chez Emile on Thursday afternoon.

New Tire Weighs Much As Some Autos

A tire that weighs as much as an automobile and costs more is now on the market, J. J. Mack of Royal Tire Service announced today.

It contains enough nylon to make 3000 pairs of women's hose, enough rubber to make 125 standard automobile tires, and enough bead wire to go around a 200-acre farm.

The 2,600-pound tire, made in the Detroit plant of United States Rubber Co. and called U. S. Royal Con-Trak-Tor, has a 30.00-33 size, stands eight feet tall, and has a 40-ply rating. It is used on huge earth-moving and strip mining equipment, bottom dump trucks, and self-loading scrapers.

Curing time for the huge tire.

J. J. Mack said, is 16 hours compared with 17 minutes for a typical passenger tire. Molds are so large that they could only be installed after a portion of the plant wall was temporarily removed.

Low Assay

Burlington, Vt. (AP)—Workmen digging footings for a new schoolhouse thought for a moment they had struck oil. Then their noses told them different. It was a broken sewer line that flooded the diggings.

SHOKAN NEWS

Shokan, Sept. 4 — Mary Rodgers, a summer visitor for many years, has returned to New York following a sojourn of several weeks at the L. F. Ruckert apartments in the village center.

Albert J. White, Kingston young man and one time Shokan resident, was a caller here Saturday, Albert, an artist, has been employed by George Berk in Woodstock for several years.

Seymour Winnie who returned from Tampa, Fla., recently has employment at Haverstraw. Seymour's family is visiting Mrs. Winnie's people in Maryland.

Joseph Incantulose, his wife and three boys of Long Island City are again occupying a summer bungalow in the village.

Recent callers in Shokan included the following: Mr. and Mrs. Walter Fall, Ashville, N. C.; Theodore Decker, Maybrook; Mrs. S. Gunn, Nanuet; Heywood Brown, Woodstock; John and Mary Varley, Astoria; Mrs. Mark Scully, Coxsack; Larry Decker, Goshen; Landy Mayhew, Tenafly, N. J.; Charles B. Crabbe, Rockville Center; Mrs. Howard Arthur, Philadelphia; Mrs. J. Cabines, Astoria, and Joe Brick of Alaska. Tourists are becoming increasingly numerous in the reservoir country and prospects look bright for a good autumn season along this line.

John Rutherford who has been a patient at a Middletown hospital the past two years, is reported to be in weakened condition.

Mr. and Mrs. Miles Monace of Bellerose, L. I., were at the family bungalow during the weekend.

One time residents calling here recently included Mr. and Mrs. Ben Dudley of Kingston. The couple are natives of the Brodhead section of Olive. Accompanying the Dudleys here were Louisa Van Kleek, Ben's sister, of Poughkeepsie, and his son, Kenneth, who is employed by the Roosa taxicab company in Kingston.

Esther Sheeley of Olive Bridge is reported to have relinquished her position as bookkeeper at the Haverstraw.

Real estate along the Olive

section of the Onteora Trail is at a premium according to one local realtor who has tried without success to find a suitable business frontage for a prospective buyer.

Ray Cudney, retired Ashokan mountain road farmer, is reported to be a hospital patient.

John Wright and James Byrne, New York men who have been spending their vacations here for many years, arrived at the Ruckert House Tuesday. Wright was a summer boarder at the Ed. Secor farmhouse way back in the waterworks days.

Seldom has rain been more welcome here than was the steady downpour of Tuesday morning. Most of the dry wells and springs are functioning again while the trickling brooks of the past two months are running pretty good. Several driven wells reportedly went dry during the drought.

Edwin Secor, Ashokan War 2 veteran of naval service, is reported to have bought a building lot of Andrew Krott. The property is located along the northern side of the Ashokan mountain road between the Krott and Cox dwellings.

Birthdays falling Tuesday, Sept. 7, include that of Mrs. Jerry Van Kleek, town of Rochester matron and one time Olive

resident. The former Lizzie Decker, a native of Palenstown, resided at Brown's Station in waterworks years. . . . Monday, Sept. 6 marks another birthday for Mrs. Allen Rose of Olive Bridge. Born at Olive Bridge, daughter of Mr. and Mrs. Herbert Rose, she has six grown children.

Weekend callers in the village included Mr. and Mrs. Edward J. Sorenson who have a summer cottage at Phoenicia. Elizabeth Scheinberg and Selma Parner of the bungalow colony at Chichester were in Shokan Monday.

Andrew Warmley of Fleischmanns is driving the Brezee ice truck through the north reservoir sector.

Bernard Casablanca has picked several bushels of peaches from the family orchard on the tract they bought of Marvin and Emily Greene last year.

Henry Gebelein is completing a cement driveway at the new home of his daughter, Judge Catherine Carlson, on Van Steenburgh road.

Expensive Visit

Burlington, Vt. (AP)—Justin Slatkovich visited a prisoner in jail. When he left he found someone had rammed an auto into the rear of his parked car. Police investigated, learned Slatkovich had no driver's license. He was fined \$5 and \$8.20 costs.

Blue Law Repealed

Hobart, Okla. (AP)—Fifty-three years of history has been changed by a new city ordinance here. The city council repealed an old ordinance that prohibited Sunday theatre operation. Following a deadlock and many defeats the issue carried by unanimous vote, clearing the way for Sunday use of the city's newly decorated Kiowa theatre.

A Ride Is an Education!

There has never before been a time—since the beginning of the automotive industry—when you could learn as much about motor car performance in a single hour as you can today!

All you need do is slide behind the wheel of a new 1954 Cadillac—and head for the open highway.

That great Cadillac engine—the most amazing storehouse of energy and eagerness ever put beneath the hood of an automobile—introduces you to a new measure of power and performance. It takes even the

most challenging hills in easy stride—and sweeps you out of a difficult traffic situation with only the slightest pressure of your foot on the accelerator.

Cadillac's Hydra-Matic Drive is unbelievably silken and smooth—and takes you from a standing start to your desired speed in one continuous flow of power.

You guide the car with only a feather-light touch on the wheel. It seems almost to follow the weight of your hand around the corners—and it takes you over the winding highway as if it were reading your mind.

Vision is so wide and clear that a single, sweeping glance acquaints you with traffic on every hand. Braking is unbelievably sure and easy. And you ride in such comfort and quiet that you seem to be resting in your favorite easy chair.

Yes, it's an education to take the wheel of a 1954 Cadillac—an education in all the good and wonderful things of motordom.

Stop in and see us at any time—slip into the driver's seat—and head for your favorite stretch of highway. You're in for the most pleasant surprise of your motoring life!

Tests Prove Breakfast Aids Students' Alertness

A BASIC BREAKFAST, say professors of nutrition at the University of Iowa College of Medicine, is necessary for alertness and good marks at school.

By GAYNOR MADDOX
NEA Food and Markets Editor
Going without breakfast, as a shockingly large number of American school children do, is detrimental to both their attitudes and scholastic attainments.

That is the conclusion of a recent controlled test on 25 students, ages 12 to 14, conducted by Dr. W. W. Tuttle, professor of physiology, and Dr. Kate Daum, professor of nutrition, at the University of Iowa College of Medicine. Data were collected from the 25 school-boys over a period of 26 weeks. As reported in the July issue of the Journal of the American Dietetic Association, the teachers' report "showed that the majority of boys had a definitely better attitude and better scholastic record during the period when breakfast (a basic cereal and milk breakfast—fruit, cereal with milk, bread, butter or margarine and milk to drink) was included in the daily dietary regimen than when it was omitted. For example, some of the boys were careless and inattentive during the late morning hours when breakfast was omitted. During the period when they ate breakfast, these same boys

showed recognizable improvement, especially in scholastic attainment.

"One subject was reported to be careless, languid and listless during the late morning hours when he did not eat breakfast, but did good scholastic work and had sufficient energy for outside activity during the period when breakfast was included in his daily eating plan. It was the opinion of the school principal and of the teacher that breakfast was a material asset to the boys both in the matter of attitude and scholastic accomplishment."

A cup of coffee and a doughnut is not an adequate breakfast. Yet thousands of school children have that or nothing at all. Nutritionists, doctors and school leaders are trying to raise the standard of American breakfasts, not only for children, but for the entire family. They point out the very simple, economical and completely adequate cereal- and -milk breakfast provides one third to one quarter of the nutritional needs of the day, which is what any good breakfast should do.

TOMORROW'S DINNER: Tomato juice, pot roast with vegetables, buttered noodles, rye bread, butter or margarine, lettuce and tomato salad, apple pie, cheese, coffee, tea, milk.

News of Our Own Service Folks

GEORGE R. KIRK of Phoenix, a fireman with the Eighth Fighter Bomber Wing in Korea, was recently promoted to the rank of airman second class. He arrived in Korea Dec. 13, 1953 from McConnell Air Force Base, Kan. The 23-year-old airman has been in the air force for two years. Prior to entering the service, he attended Kingston High School. Airman Kirk's parents, Mr. and Mrs. George Kirk, live at Phoenixia.

ARRIVING IN Japan to serve with the Third Marine Division are Pfc. George F. Sickler, son of Mr. and Mrs. Frank Sickler, 138 Newkirk avenue and Pfc. Walter F. Murray, son of Mr. and Mrs. Walter F. Murray, 296 Third avenue.

SERVING ABOARD the light cruiser USS Worcester is James E. Napoli, radarman, third class, USN, son of Mr. and Mrs. Joseph Napoli, 26 Abruyn street, and husband of the former Miss Sue R. Gurney of Poughkeepsie. The Worcester participated in Midshipman Cruise Baker to Europe and Cuba with 14 other warships.

TAKING PART in the amphibious assault on Malta during August with the 6th Marine Regiment were Donald R. Smedes, son of Mr. and Mrs. Lester Smedes of 69 Spruce street and Pfc. Albert Hendrickson, son of Mr. and Mrs. Fred Hendrickson of Kerhonkson.

LOCAL NAVAL Reserve Officers participating in the two-month training cruise to foreign ports were Ronald S. Carlson, seaman, USN, son of Mr. and Mrs. Oscar Carlson, Yarmouth street and Charles M. Finch, seaman, USN, son of Mrs. Martha Van Etten of 57 Gill street.

AMONG THE "plank owners" of the destroyer leader USS Wilkinson in a commissioning ceremony Aug. 3 at the Naval Shipyard in Boston, Mass., was Raymond H. Hendricks, storekeeper third class, USN, son of Mr. and Mrs. Reuben Hendricks of 299 Abeel street.

As Pegler Sees It

private organizations a monopoly of most of the jobs in the country and practically all jobs on government "projects." This has meant that by government force, citizens have been compelled to pay financial tribute, in other words, taxes, to private societies, or go idle. In the case of the government "project" it means that the government itself pays tribute to these societies because

and gosh! the money you save!

if the workers weren't forced to pay union taxes, the government could pay them that much less.

Many courts have been corrupted by the union "philosophy," which holds primarily that unions have special rights to

commit criminal acts. It also holds, primarily, that the worker who refuses to join is guilty of wrong and is partly to blame for any harm inflicted on him by the union. That principle is less firmly held and less often applied by the courts today than it was under Roosevelt and Truman.

But actually some of the judges had to be educated by public opinion and the election returns before they abandoned the proposition that a union mob or acknowledged agent had criminal rights.

The people, the politicians and the unioners were ready to

waive some of the most important principles of the Constitution for immediate rewards. To the politician the reward was election. To the unioner it was power. To the worker it was wages in depreciated money. "Social Security" and various forms of the dole.

But the unions did fail in their golden opportunity to elect a puppet Congress, abolish the Constitution outright and install a dictator on the order of their own lifelong presidents. This is the ill-concealed purpose of the letterhead fronts which are financing attacks on

nationalistic, or patriotic, senators and aspirants in states of small population where relatively little money, cleverly spent, might purchase a veto over the normal political process of the United States. (Copyright, 1954, King Features Syndicate, Inc.)

Aspirants Plan Unemployment as Big State Issue

(By The Associated Press)

Rep. Franklin D. Roosevelt Jr., and Averell Harriman, aspirants for the Democratic nomination for governor, claim there is widespread unemployment in the state, and that it will be one of the major issues in the gubernatorial campaign.

Roosevelt, during a swing through western New York over the Labor Day weekend, declared that unemployment in the state would be the "number one" issue in the campaign.

In a speech at Long Point Sunday, Roosevelt said the "second great issue will be honesty and integrity in government."

IN BUFFALO, Harriman told the Buffalo Courier-Express Sunday that the "principal issues in the coming campaign will be the widespread unemployment and the Dewey administration's callous indifference to it and the falling prices of dairy and other farm products."

Both Roosevelt and Harriman made speeches before the 12th annual convention of the Polish Legion of American Veterans in Buffalo.

Roosevelt Saturday outlined a program which he said would help counteract the Eisenhower administration's "20 months of blunder and sloganeering."

HE URGED that the United States retain its military strength, expand the Voice of America program; aid refugees from Iron Curtain countries; strengthen its prestige abroad; restore the morale of the state department and foreign service; and broaden its trade and point four programs.

Harriman, devoting his Sunday speech almost entirely to foreign affairs, called upon President Eisenhower to follow the lead of the Truman administration in setting up a genuine bipartisan in foreign affairs.

HE SAID Eisenhower should follow a course similar to that of former President Harry S. Truman "when he worked so closely with the late Republican Senator Vandenberg with consultation in advance."

"We must be done with boast, bluster and bluff and diplomacy by press conferences," Harriman said. "It's time to come out of the dream world of political mythology and face harsh reality."

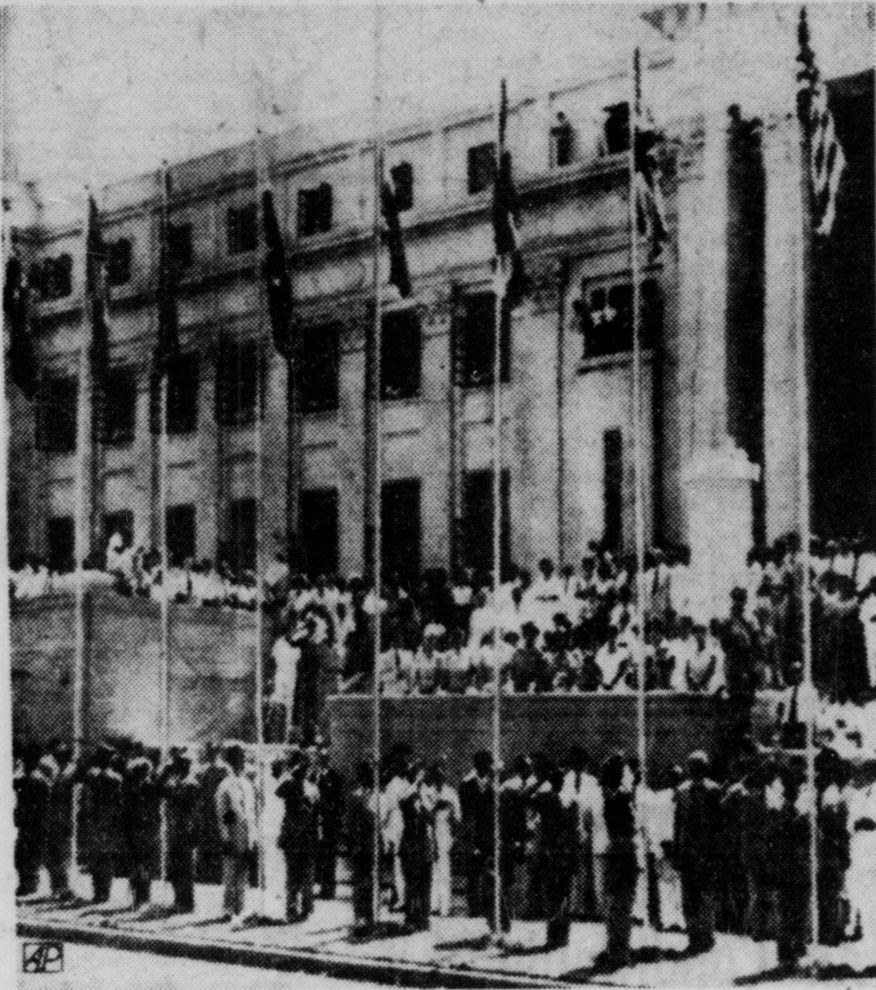

In a speech before Cattaraugus county Democrats at Salamanca Saturday, Roosevelt lashed out at Republican farm and tax policies.

He said the Eisenhower parity program means disaster and bankruptcy for the farmer.

ROOSEVELT ACCUSED Rep. Daniel A. Reed, Dunkirk Republican and chairman of the Congressional Ways and Means Committee, of "being against taxes for people who can best afford to pay them."

At Wellsville Sunday, Roosevelt directed his fire at Governor Dewey, the man he hopes to succeed.

"The ex-gang-buster, Roose-

FLAG CEREMONY AT SEATO OPENING—Foreign ministers of eight friendly countries are shown at opening ceremony at Conference Hall in Manila, Philippines (Sept. 6), of SEATO, the Southeast Asian Treaty Organization. After the colorful ceremonies, the U. S., Britain, France, Philippines, Thailand, Australia, New Zealand and Pakistan began closed door deliberations to iron out the few remaining kinks in a collective security alliance. U. S. Secretary of State John Foster Dulles is at lower right, foreground, white suit. (AP Wirephoto via radio from Manila).

volt said, "hasn't busted any gangs in his own backyard, juvenile delinquency doesn't seem to be his business, new industry hasn't been brought to New York, nor established industry given an incentive to remain."

ROOSEVELT SAID Dewey had engaged in "twelve years of advertised master efficiency, and twelve years of building, promoting and oiling a ruthless political machine for personal political advancement."

Before Democrats at Long Point, Roosevelt blamed state Republican leaders for legislation which he said made "the trotting tracks the fabulous gold mines they became."

"And the same Republican leaders," he said, "were the same ones who got the stock (in the trotting tracks) and sold it for millions."

The late President's son made no accusations that Governor Dewey had profited personally from the trotting tracks, but he declared:

"I say Tom Dewey knew what Republicans were getting fat and rich at the expense of the taxpayers of the state and in my opinion that disqualifies him from being a candidate for governor."

Permission Is Sought

Washington, Sept. 7 (AP)—Mohawk Airlines has asked the Civil Aeronautics Board for permission to suspend passenger helicopter operations until next summer. Mohawk which has operated helicopter flights since June 7 between Newark, N. J., and Monticello, N. Y., said the service depended largely upon summer resort business.

West Camp Cleric Appoints Leader To Aid Refugees

The appointment of the Rev. William C. J. Weidt, former pastor of the Lutheran Church of the Good Shepherd, Mt. Vernon, as New York State Director, Lutheran Refugee Service, was announced today by the Rev. Henry M. Schumann of West Camp, chairman of the state committee of the National Lutheran Refugee Service.

In an interview, following his appointment, the Rev. Mr. Weidt explained his mission as one of co-ordinating the efforts of all Lutheran congregations in New York state (exclusive of the greater New York city area) in securing job appointments and homes for refugee families who have been victims of Communist oppression overseas. These families are principally from Romania, Czechoslovakia, Hungary, Poland, Latvia, Estonia, Yugoslavia, Lithuania, Russia and East Germany, Austria.

He said the Lutheran Church is assisting in the re-settlement of refugee families under the enactment by the U. S. Congress in August, 1953, of the Refugee Relief Act. Also co-operating in the program, on a nation-wide basis, are the Immigration Service, the National Council of the Churches of Christ in America; the Re-Settlement Service, National Catholic Welfare Conference and United Jewish Appeal.

REFUGEE FAMILIES may secure visas for entry into the United States, when they have assurances from a bonafide sponsor that the head of the family will have a job and a home in which to live, upon arrival here, and will not become a public charge.

The Rev. Mr. Weidt also said that many of the escapees from behind the Iron Curtain have occupational skills and talents that would form a real contribution to the farm sections, industries and businesses of New York state. He urged that any employers interested in assisting this

OFFICIALS AT DEDICATION OF ATOMIC PLANT SITE—Philip A. Fieger, chairman of the board of Duquesne Light Co., right, explains to other officials the operation of the world's first full-scale-atomic power plant before dedication ceremonies at Shippingport in southwestern Pennsylvania 25 miles northwest of Pittsburgh (Sept. 6). Others are, left to right: Sterling Cole, chairman of the joint committee on atomic energy; Gwilym A. Price, president of Westinghouse Electric Corp.; and Lewis L. Strauss, chairman of the U. S. Atomic Energy Commission. (AP Wirephoto).

program of refugee re-settlement get in touch with the pastor of the Lutheran Church in the local community, or write the state headquarters at West Camp.

A sponsor who will give assurance that a home and a job are available for a refugee family has no financial responsibility for transporting the family to the place of employment. Transportation fee to the United States is loaned for ocean travel by the International Governmental Committee for European Migration and travel expenses from the port of debarkation to the place of residence is loaned by the Lutheran Refugee Service. The refugee repays both loans. Past records show a high percentage of early repayments.

NEW YORK STATE is one of the first of about 36 areas throughout the nation to have a full-time state director for

President Has Praise for Reed

Washington, Sept. 7 (AP)—President Eisenhower has praised Rep. Dan Reed (R-N. Y.), chairman of the House Ways and Means Committee, for his support of the administration's program in Congress.

The President, in a letter to Reed, said the 83rd Congress had written a "massive record."

"That record," he said, "resulted from your personal efforts and forceful leadership."

dents, in addition to the Rev. Mr. Schumann, are the committee Secretary Paul J. Bergson of Greenhurst, (Augustana Synod); the Rev. Holger Cattau, executive secretary of Lutheran Service Society, of Buffalo; and the Rev. Howard Leber of Auburn, (both of the Lutheran Church Missouri Synod); the Rev. J. J. Huehn of Buffalo, (American Lutheran Church); the Rev. Viggo Petersen of Penn Yan, (United Evangelical Lutheran Church); the Rev. Dr. Martin Dietrich of Snyder; the Rev. John A. Kirsch of Rochester and the Rev. Henry Tomsden, Altamont (United Lutheran Church in America).

The director and the representatives are available to speak and present visual programs explaining the programs to church groups, service clubs, and others seriously interested in helping the effort.

Bon Bons Cover Tracks

Warkworth, England, Sept. 7 (AP)—A freight train loaded with candy charged off the rails here today and piled bon bons 35 feet high across the main London-Edinburgh line. The crash scattered chocolate and sweets over 150 yards. One of the crew was injured slightly.

"Sanforized," a term meaning "pre-shrunk," applies to a process invented by Sanford L. Cluett.

Ulster Plans School Meeting on Wednesday

A special meeting of the Common School District 4, Town of Ulster, will be held Wednesday, Sept. 8, at the Lake Katrine Grange Hall, Parran A. Gates, trustee, announced this morning.

Among the items to be discussed are the amending of the school budget for 1954-55, the additional enrollment and the school building program.

Burke Asks Rejection

New York, Sept. 7 (AP)—New York city Corporation Counsel Adrian P. Burke has urged the State Public Service Commission to reject the application by the New York Telephone Co. for a re-hearing on its application for higher rates. The PSC last Aug. 6 denied the company's petition seeking an additional \$68,850,000 in annual revenue. The proposed increase, which would have cost residential subscribers \$9 more a year and business subscribers \$25 more, had been opposed by the city.

Device Is Shown

Farnborough, England, Sept. 7 (AP)—A 30-ounce radio signaling device for airmen downed at sea was placed on display at an air show today. The tiny radio sends out a continuous, automatic distress signal which rescue planes can pick up as far as 60 miles away. Within a 20-mile range, the floating airmen can switch to voice transmission and help direct his rescuers. The British admiralty has ordered quantity production of the miniature sets for use by naval pilots.

Barry Day Proclaimed

Albany, Sept. 7 (AP)—Gov. Dewey has proclaimed Sept. 13 as John Barry Day in New York state, in honor of the Revolutionary War hero. Commodore Barry was the first regularly commissioned American naval officer to capture an enemy vessel.

About 75 per cent of the bituminous coal mined in the United States is machine-loaded.

9-Cent Gasoline Boosts Sales

Wantagh, Sept. 7 (AP)—Edwin R. Butterworth's gas station was a popular fueling spot over the Labor Day weekend.

Fed up with pressure from his oil company to boost sales, he was getting rid of his monthly quota at the freak price of nine cents a gallon.

Five policemen were needed to handle the crowd of bargain-hunting motorists who headed into the station. By yesterday afternoon the 20,000-gallon quota was gone and Butterworth returned to the regular 25.9 cent price.

He figured the sale cost about \$2,000, which he said he would charge off to "advertising and entertainment."

The rush of business kept Butterworth so busy he forgot to fill up his own car with the bargain gas. With his own pumps empty, he had to buy fuel at a rival station across the street to get home.

LITTLE LIZ

There are two ways to keep from paying alimony—stay single or stay married.

HADASSAH DAYS were proclaimed by Mayor Frederick H. Stang shown here at his office with the committee, left to right, Mrs. Abraham Streifer, co-chairman; Mrs. George Starkman, membership chairman and Mrs. Oscar E. London, president. The H-Days annual membership drive will be from Wednesday to Friday, with the annual enrollment and re-enrollment campaign under the chairmanship of Mrs. Starkman and co-chairmanship of Mrs. Streifer. A paid-up membership supper will be served at the close of the drive, Monday, Sept. 20, at Agudas Achim Social Hall. (Freeman photo).

LOAN CONTEST WINNERS—H. Van Wyck Darrow, extreme right, executive vice-president of the Savings & Loan Association of Kingston, presents Mrs. Leo McAndrew, 6 Esopus avenue, with a \$75 savings account pass book as the first prize winner in the recent total assets contest.

Others winners were (l-r) Mrs. Arthur O'Leary, 23 Lawrenceville road, Rosendale, \$50 and Stanton A. Warren, Sr., Hurley, \$25. The winners were three of eight contestants who guessed within one day of the correct date the local institution reached total assets of \$11,000,000. (Freeman photo).

Home Bureau

THE HURLEY Home Bureau will meet for the first time this season, Thursday, at 1:30 p. m. at Hurley Church. All members are urged to attend, with anyone interested in becoming a member invited. Classes will be formed in basketry. Refreshments will be served.

The fall rally of Kingston Day Unit will be held at Home Bureau rooms, 410 Broadway, Thursday, Sept. 16 at 2 p. m. All members, old and new, are urged to be present. Preceding

Grange News

The flower show will be held at Hurley Grange Thursday evening. All members are requested to bring a bouquet or floral arrangement.

Storm Heads to Florida
Miami, Fla., Sept. 7 (AP)—A hurricane alert for south Florida was a good probability for later today as the tropical storm in the Atlantic gained winds whirling at about 85 miles an hour and still increasing. Grady Norton, chief storm forecaster in the Miami Weather Bureau, said a hurricane hunter plane flew into the storm this morning. "As soon as we get a full roundup on conditions from the plane and from nearby Bahama Islands, we will make a decision on alerting south Florida for the hurricane," said Norton.

Woman Is Indicted
New York, Sept. 7 (AP)—Mrs. Aida Xenos, 44, mother of an infant who died of malnutrition July 2, was indicted today on a first degree manslaughter charge. The woman, alleged by police to have left her two children alone for three days, faces a possible 20-year sentence if convicted.

LADIES.....
"WH' HOPPENED?"

Kingston, N. Y., Sept. 7 — According to the latest statistics for the past year, the money spent by men in the barber shops to keep themselves looking sharp has far exceeded the expenditures of what women spent in the beauty shops.

We all know that women are supposed to be the glamour sex of our race — but are you losing out to the male?

For goodness sake, don't ever let this happen. Our six experienced hair stylists want to keep the balance in favor of the fairer sex. Come in and let them do it. MICKEY'S Beauty and Barber Shop, 50 N. Front St., Kingston, N. Y. (Air Conditioned). Phone 3275. Open Tues. and Thurs. evenings.

CHILDREN IN A NEIGHBORHOOD SHOW raised \$15 in the backyard at 161 Tremper avenue to go toward the emergency drive for need additional funds to combat polio, it was announced today by Attorney William A. Kelly,

chairman of Ulster County Chapter. Front row (l-r) are Patty Naylor, Brenda DeAngelis, Tommy Hoffay, Alice Hoffman and Linda Hoffay; rear, Joyce Hoffman, Janice Hoffman, Judy Wadnola and Shirley Rundle.

Front (l-r) Susan Edwards, Lansing Naylor, Robert Rundle, Jimmy Rundle, Merrily DeAngelis; rear, Anita Senor, Shirley Hoffay, Ethel Edwards and Margaret Rundle. Other children in

the variety program, that pleased parents and friends who supported it, were Kay Stewart, Thomas and Fred Wadnola, Hermine Keyser and Robert Hoffay. (Freeman photos).

Carnival Calypsos

Calypsos originally were sung at carnivals in Trinidad, British West Indies. The words, usually impromptu and satirical, were sung to the accompaniment of a guitar.

Good Taste Today

By EMILY POST

(Author of Etiquette, Children Are People, etc.)

VERY MODERN ETIQUETTE

A business girl writes: "About two weeks ago while standing on the corner one morning waiting for the bus, a young man, who often waits on this corner, spoke to me. The conversation was about the bus service, which seemed to be delayed on that particular morning. He was very friendly and it seemed natural to talk to him. We talked all the way to town on general subjects, including where each of us worked. When I got off at my stop, he tipped his hat and said that he was glad the bus had been delayed. I saw him again last week and he asked me to have lunch with him. As I had another engagement for that day, I thanked him and declined. If he asks me again, may I have lunch with this stranger, about whom I know nothing except that he is very pleasant and seems a perfect gentleman?"

In the slang of today, this may be called a "pick-up" which certainly is not supposed to be approved by etiquette. On the other hand, you are a business woman, and, therefore, supposed to be a fairly good judge of whether a man is a gentleman or not. Also, since he has told you who he is and where he works, which you can verify easily if you care to, I see no great harm in your lunching with him.

Distinguishing the Groom and Best Man

Dear Mrs. Post: I am going to be married soon at an evening wedding. The men in the wedding party will wear tuxedos. My fiancé thinks that he and the best man should wear white ties

with their tuxedos to set them apart from the ushers. Will you please tell me if this is correct?

Answer: A white tie with tuxedo would be unthinkable. They could wear white flowers in their buttonholes and the ushers none.

Long or Short Gloves?

Dear Mrs. Post: Are short gloves correct with an evening dress, or must they always be long?

Answer: Either are correct but I think long gloves look better.

What type of clothes should the men guests wear at the wedding reception? Mrs. Post is sorry she cannot answer personal mail. Her leaflet E-6 describes the appropriate clothes for wedding guests. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Freeman, P. O. Box 99, Station G, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

Card Parties

"Quality Is Remembered Long After Price Is Forgotten"

FYL Stars Beat Bridgeport in National Junior Baseball Finals

Giannuzzi's Brilliant Relief Pitching Checks Home Club For Decisive 3-2 Win; Joe Hoffman's Double Is Deciding Blow

Champions of the National Junior Invitational baseball tournament at Bridgeport, Conn., on their third trip, the Fraternal Youth League All Stars of Kingston returned home Monday to a heroes' welcome.

Greeted at the Rondout bridge by a police escort, they were paraded through the city in a manner befitting their stature of the moment.

Splendid relief pitching by Lorenzo Giannuzzi and the brilliant clutch hitting of Joey Hoffman and Ronnie Ashdown accounted for the thrilling 3-2 victory over Bridgeport Brass in the tournament finale.

Giannuzzi, who struck out 14 in Kingston's opening game victory over Hanover, N. H., relieved Jimmy Uhl in the first inning of the Bridgeport finale and pitched shutout ball for 5-1-3 innings. He struck out 12.

Saturday, the FYL tossers turned back Williamsport, Pa., 5 to 3, behind the four-hit pitching of Tony Turk, who struck out 10.

IN EACH OF THE three games, Kingston had to come from behind to win.

Kingston's winning run against Bridgeport came in the sixth inning when Ronnie Ashdown opened the rally with a single to center, stole second and scampered home when Joey Hoffman delivered a booming double to left center. Yacko, third Bridgeport hurler, got the final two outs, but the damage had been done.

Giannuzzi, who came in to relieve Jim Uhl in the first inning held the Brass club in tight check.

Following the contest, Kingston was presented with the championship trophy.

BATTING STARS in the finale were Hoffman, Ashdown and Bill Cragan with two hits each. Ashdown knocked in two runs.

The FYL picked up their first two runs in the third to tie the score at 2-2 when Uhl got Kingston's first hit and Dick Hornbeck walked. Eric Blackwell's perfect bunt along the first base line advanced both runners and Ashdown delivered both with a ringing single to right center.

Joe Grella of Bridgeport hit a homer in the first inning off Uhl.

TONY TURK WON his own game against Williamsport in the semi-final bracket with a two-run single in the top of the seventh inning.

Williamsport took a 2-0 lead in the first inning when first baseman Kary Fry smacked a home run with one on base and the Pennsylvanians added another run in the third for a 3-1 lead. The FYL tallied one in the top half of the frame. Kingston scored single runs in the fourth and fifth to tie the score at 3-3, with Ashdown driving one tally across with a double.

THE NATIONAL JUNIOR BASEBALL tournament trophy won by the Fraternal Youth League All Stars at Bridgeport over the weekend is the object of considerable interest in this group. In usual order: Lou Sapp, coach; Alder-

man-at-Large Joe Kelly who headed the official greeting committee for the team on their arrival from Bridgeport; Manager Ed Jordan and Charles Higgins, Fraternal Youth League president.

Legion and Destroyers Score Under Arclights

First League Games

Ever Played at Night

Local softball history was made last night at Dietz Stadium as four City Softball League squads battled under arclights for the first time in regular competition.

And 400 persons saw two thrilling ball games in which Destroyer A.C. rallied for four runs in the seventh to shade Lincoln Park Inn, 7 to 5; and the American Legion scored 14 runs in the fifth inning to beat Perry's 18 to 16.

THESE WERE OPENERS of the best-of-three series in the divisional finals.

The Legion collected 10 hits, two walks and Perry's committed three errors in that tumultuous 14-run barrage.

The winners racked up 21 hits off Bob Slover, including four singles by Jack Gilligan and Charlie Bock's homer. John Crispino belted a tremendous three-run homer for Perry's in the third. Perry's didn't give up without a struggle, scoring three in the fifth and six runs in the sixth after the Legion had forged ahead 18-7.

VETERAN WALT BIGLER led Frank Boyce, 4-3, after six tense innings in the Destroyer-Lincoln contest when the Presidents erupted for four runs in the top of the seventh. The losers scored one run in a last ditch rally in the bottom of the seventh and it took a fast double play to extricate Boyce from danger.

Bill Anderson, Destroyer lead-off, went "4 for 4", all singles.

20th Toughest For Roberts

Philadelphia, Sept. 7 (AP)—Tired, but smiling and puffing on his usual victory cigar—that's the only time he smokes—Robin Roberts mused: "I wonder if those other 20-game winners had to battle that hard for the big one."

Roberts had just gone 11 innings yesterday to defeat the New York Giants, 5-4, and become the National League's first 20-game winner in five consecutive seasons since Carl Hubbell in 1933-37.

"It's nice to be ranked with pitchers like that," the 28-year-old right-hander said. "But I felt terrible when I blew that 4-1 lead I had in the sixth inning."

Grella, Hoffman, 2b—Hoffman, Panuzak, HR—Grella, BB—Uhl 2 in 2-3, Giannuzzi 4 in 6 1-3; Panuzak 6 in 5, Yacko 1 in 2, SO—Uhl 2, Giannuzzi 12, Panuzak 8, Yacko 3, WP—Giannuzzi.

Seixas' Win in Nationals Assured Davis Cup Berth

Forest Hills, Sept. 7 (AP)—Vic Seixas' victory in the National tennis championship after trying for 14 years, didn't seem to impress anyone. But it accomplished one end. There wasn't a word today about the handsome Philadelphian not playing singles on the Davis Cup squad this year.

Until he whipped Australia's Rex Hartwig in the final 3-6, 6-2, 6-4, 6-4 yesterday, Seixas' name seemed to be an anathema with the moguls of the United States Lawn Tennis Association. They agreed Tony Trabert would be the No. 1 man, but a half-dozen different names were mentioned No. 2. None was Seixas.

No doubt was at least partially deserved. Vic was unimpressive in the challenge round last year and had a mediocre season on grass this summer.

Davis Cup captain Billy Talbot allowed as how Seixas played well.

Seixas didn't look good at the start, and Hartwig won the first set with ease. But once Rex began missing the corners, Seixas picked up. He had the Labor Day crowd of 11,000 at the West Side Tennis Club worried when he went behind at 2-4 in the final set. But he found the range again and ran it out without the loss of another game.

Doris Hart of Coral Gables, Fla., won the women's crown by stopping Louise Brown of Beverly Hills, Calif., 6-8, 6-1, 8-6, drew a rousing cheer from the spectators.

Long-hitting Billy Waterous sent a drive screaming 272 yards down the middle of the fairway to capture the Labor Day driving contest at the Woodstock Country Club.

J. MacTavish was second with a poke of 248½ yards. Third place went to L. Michelman at 241. Norm Foster hit for 240 and Bill Van Aken had one of 243.

The contest was conducted off the sixth tee.

Waterous Wins Driving Test With 272 Yards

Boice Wins Over Daley, 3 and 2, for Third City Golf Title

Wins 3 Straight Holes After 29-Hole Deadlock

Alvin Boice is the first local golfer to win three city titles but victory didn't come easy against Wiltwyck's Bob Daley in the 36-hole Labor Day playoff.

The Magnificent Scrambler defeated the stubborn Wiltwyck champion, 3 and 2, the shortest margin of victory in the city playoff since Maurice Davenport downed John Van Gonsic by that same margin in 1948.

The see-saw struggle which attracted a large turnout under perfect September skies ended on a surprise denouement, with Daley's bid for a birdie-4 on the 34th hole hanging precariously but adamantly on the lip of the cup.

TWO DOWN AT the end of the morning 18 on his home links, Daley surprised the Twaalfskill partisans by grabbing the first two holes at Twaalfskill in the afternoon to square the match.

He missed a short putt on the third hole to give Boice a 1-hole lead. Daley birdied the fourth hole (22) and Boice took the fifth. They halved the next six holes before the break came and Boice pured through to capture the next three holes and the title.

BOICE LAUNCHED the winning rally with crucial, curling six-foot putt on the difficult third green where Daley was in trouble twice. The Twaalfskill champion then birdied the fourth hole and took the sixth in regulation figures.

When Boice planted his tee shot 20 feet from the pin on the 33rd hole, it looked like the match would end there as Daley was short off the tee into the runway leading to the green. He made a beautiful recovery however, chipping to within two feet for a par-3 to keep the match alive as Boice figured to close it out.

DALEY WAS SHORT off the 34th tee but fired a terrific wood shot off the edge of the green, while Boice was strong and into the clump of short grass on the north side of the green. Daley chipped to three feet and Boice was 10 feet away in three. After Boice narrowly missed his try for a birdie, Daley stepped up and left his putt hanging on the lip. At this point there were many in the crowd who were thinking in terms of a tie match, but the putt didn't drop, the ninth city playoff was over and Twaalfskill had reduced Wiltwyck's series lead to 5-4.

Boice carded a 73 and Daley had a 78 on the morning nine at Wiltwyck.

SPORTSMAN'S DIGEST

BRUISED FINGERS FROM SHOOTING A DOUBLE-BARREL

A DOUBLE-BARREL SHOTGUN'S RECOILING TRIGGER-GUARD RESULTS IN BRUISES AND CUTS ON THE MIDDLE FINGER, WHEN HOLD (A) IS USED. A BAND-AID ON FINGER PROTECTS IT SOMEWHAT. HOLD (B) WON'T BRUISE, BUT IT'S AWKWARD. BEST YET IS TO GRIP FORE-END TIGHTER AND RELAX RIGHT HAND'S GRIP.

Red Top Davis After Saddler

New York, Sept. 7 (AP)—Ever ready Teddy (Red Top) Davis made another pitch today for a title shot at featherweight champion Sandy Saddler and his manager said he'd back it up with cash.

"Saddler can have \$25,000 if he'll fight Red Top for the championship in New Haven," Manager Mushky Salow said after his busy little contender outpointed Canadian lightweight champion Armand Savoie last night.

"I've been chasing him for two years," said Davis, No. 4 featherweight from Hartford, Conn. "If I ever catch up to him I'm gonna make him pay for keeping me waiting so long. I guarantee you, I'll knock him out in five rounds."

The victory over Savoie by unanimous decision was Red Top's fourth in a row.

Red Hot Braves Heading East

Milwaukee, Sept. 7 (AP)—The hottest team in baseball, Milwaukee's Braves, headed east today on a 12-game trip which undoubtedly will decide the National League pennant winner.

"All we gotta do is win 10 of 'em," said veteran pitcher Warren Spahn, "and the way we're going we can do it."

The way the Braves have been going—they took a nine-game winning streak, second such in a month, with them—there was no dispute to Spahn's clubhouse statement last night.

A pair of relieving wins over the Chicago Cubs, 13-2 and 6-1, yesterday, sent the Braves east in second place only four games behind league-leading New York.

Monticello to Hold 40-Mile Trail Ride

A 40-mile trail ride, commemorating the part horses have played in opening up vast territory in the United States, will be one of the features of the Monticello sesquicentennial celebration scheduled Sept. 7-11.

The trail ride will start Sept. 8 at 6 a. m. and will follow the original Newburgh-Cochecton Turnpike which was the first toll road to be opened in America.

According to reports from Monticello, outstanding horsemen from Kingston, Newburgh, Ellenville, Cornwall, Matamoras and Honesdale will participate.

Classic Opener

The 8-team Ferraro Classic League starts its season Friday, Sept. 10, at 7 p. m. at the Bowlodrome.

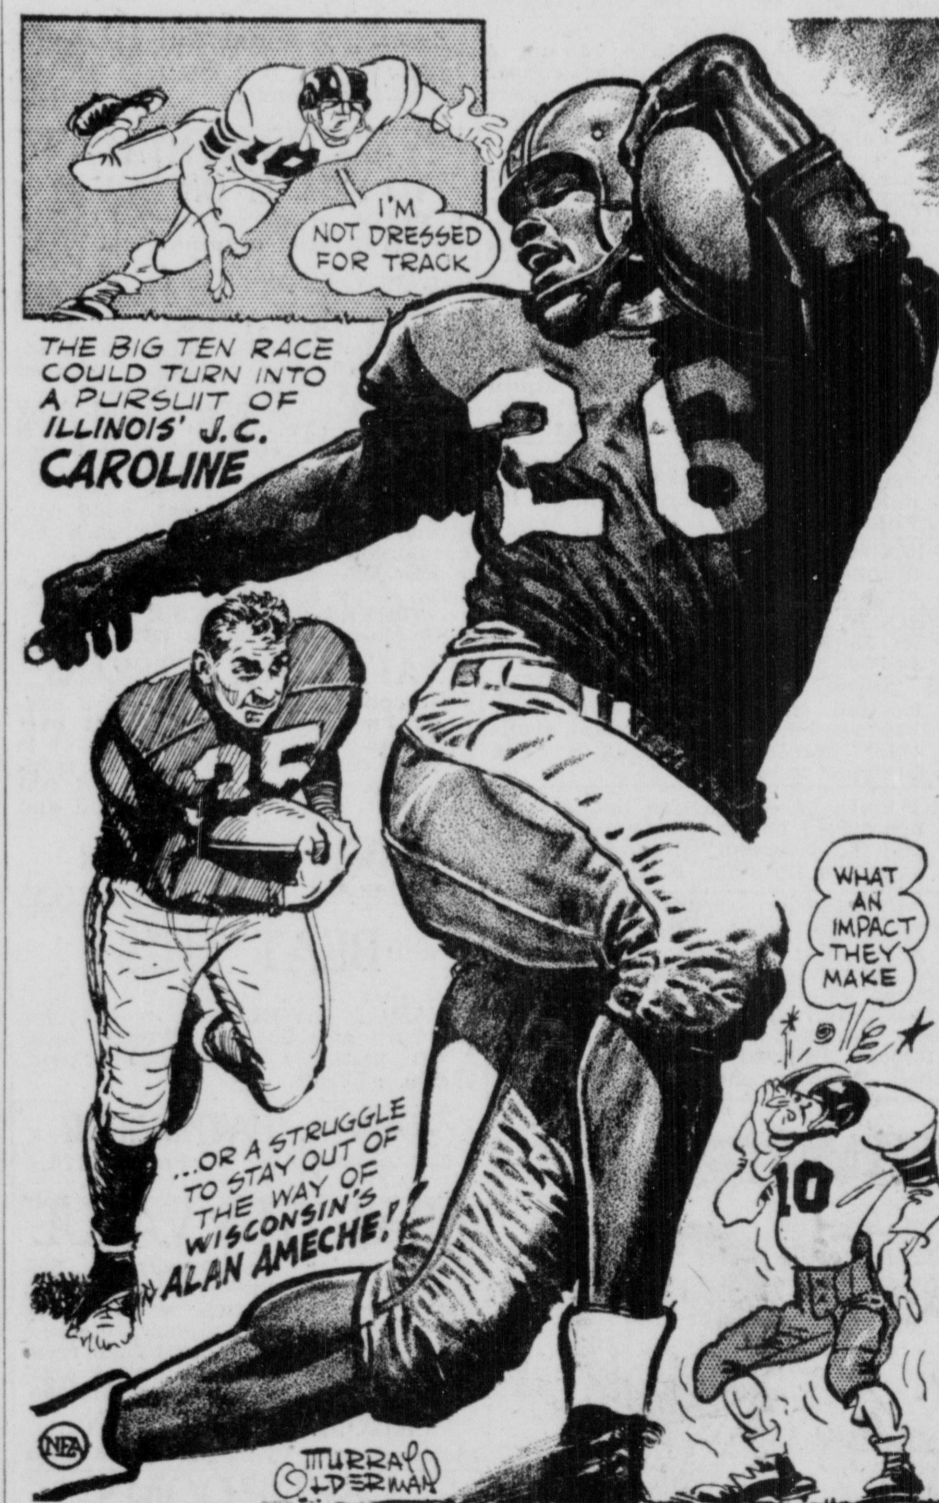

AN OLD, OLD GOLF STORY: Alvin Boice, left, Twaalfskill champion, receives trophy emblematic of the 1954 city crown from Twaalfskill president, Edwina O'Reilly, after his 36-hole Labor Day victory over Bob Daley, right, Wiltwyck champion. Boice's margin, 3 and 2, was one of the closest in years.

WOODSTOCK GOLF CHAMPION, Bill Van Aken, right, receives trophy symbolic of the 1954 club title from Anthony DeLisio, club president. Looking on is Norman Foster, 1953 champion, whom Van Aken defeated, 9 and 8, in 36-hole finals.

Van Aken Beats Foster For Woodstock Crown

HIT AND RUN

Captures 4th Club Title

When Bill Van Aken announced his switch from Wiltwyck to Woodstock last fall, he was promptly installed as winter book favorite to win the village golf title.

The three-time Wiltwyck champion justified that early optimism on the part of his backers by trouncing defending champion, Norman Foster, 9 and 8, in the 36-hole finals over the weekend.

BY VIRTUE of his victory, Van Aken tied Alvin Boice's record of four club titles.

Van Aken grabbed an early lead and was seven holes in front at the end of the morning round. He once extended his lead to 11 up and missed a chance to close out the match within 27 holes when he bogied the 27th hole to send it into the fourth nine.

Both got long drives down the middle off the 28th tee but Van Aken pitched to within five feet, while Foster topped his pitch shot and sent it skittering across the green. He was unable to get back within striking distance for a four. Van Aken played it safe for a par to close out the match.

THE 1953 CHAMPION was off key from the first tee and never recovered. He started with five straight 5s to go three down and was never in contention.

Van Aken carded a pair of 37s on the morning round and then matched par on the front nine in the afternoon.

SPORTS

By Charles J. Tigno
Sports Editor

It was last week and the TV boxing addict entered his favorite tavern just in time to miss the Charlie Norkus-Cesar Brion bout (?).

"Anybody get hurt?" the boxing bug inquired. "Naw, replied the bartender, 'nobody even got hit.'"

Flotsam and Jetsam:

Another big bowling season gets under full steam tonight. Johnny Ferraro has approximately 146 teams operating at the Bowlodrome, including the four Hudson Valley League squads. KBA secretary, Irwin J. Thomas, reminds all league secretaries that ABC material for the season has arrived and a call to him will get your supply for the season. Mannie Colao was the guiding light behind the new 8-team Independent Major. For the first time in years the city has three top-flight leagues operating without a handicap. Colao and his helpers deserve a round of applause for their work. Hudson Valley League will drop home totals in compiling individual averages this year. But more on that subject later.

NEWBURGH NEBBOS MAJORS, 1953 Hill City champions, have moved into the mid-Hudson baseball picture with a challenge to the Dodger Jewels, Poughkeepsie and Kingston. General manager, John J. Lease, asserts that any organization claiming the Hudson valley championship must beat the Majors on the ball field in a series of games. Mr. Lease has honorable intentions and probably a standout ball club, but that mid-Hudson series is leader than the Dodger pennant chances. Bill Engle, Kingston High's All-DUSO tackle, is on the freshman football team at Norwich University and eligible for varsity competition this fall because of the smallness of the Norwich squad. The team known as the Horsemen open the 1954 campaign against Upsala on Sept. 17. Vern Gagne, the globe-trotting grappler who travels 10,000 miles a month, will help others settle down in his native Minneapolis. He's opened a real estate business.

JIM McCABE, the local horseman-restaurateur, came up with a winner last week at the Dutchess County Fair. His Locksie's Princess, driven by Percy Brink of Stone Ridge, captured the featured Springbrook Drive Club stake. Jim received a silver bowl and first cut of a \$900 purse. The Princess broke on top in both heats and was in front all the way. The two International Leaguers best bets to make the majors are Montreal shortstop Chico Fernandez and Toronto's Elston Howard, who belongs to the Yankees. Hard to understand why the Yankees converted Howard to catching with Yogi Berra under 30. Charley Silvera a great sub, Gus Triandos clouting at Kansas City, Hal Smith at cleanup for Columbus and Lou Berberet ready to jump up from Birmingham. In Howard's favor is the fact he can play the outfield and is fairly certain to be the first Negro to wear Yankee flannels. Some of the surplus crop may go to Baltimore in return for Bob Turley or Don Larsen.

JIMMY DEMARET, golf's fashion plate, can't accept scrambling as the proper way to play golf. He has been carrying an idea around in his golf bag and suggests you try it in your next Saturday foursome. Jimmy would add a half stroke to every hole where the golfer doesn't reach the green in regulation figures. If you missed the green on a par-4 hole with your second shot, but still got down in four, he would make your score 4 1/2 strokes for that hole. Scrambling, says Demaret, is only a polite way of saying you are nothing more than a wild man on the fairways. And the only place for scrambling, he adds, is in the kitchen with eggs.

OLD-TIMERS KEEP GOING—"You've got to have a hobby, it keeps you young." That's the philosophy of Theodore A. Fogler, 80, left, oldest competitor at the National Rifle and Pistol Matches at Camp Perry, Ohio. He's a retired Cincinnati mailman. At 90, Harley H. Lyons, right, still puts in a 48-hour work week and doesn't plan to retire until he's 100. For the past five years Harley's been working at a Grand Rapids, Mich., service station, and says he'd be lost if it weren't for constant working.

Jimmy Wilde, one of the cleverest of world's flyweight champions was one of the most deceiving of fighters. He looked anemic but he was one of the hardest hitters in modern times.

Trainers or harness horses find that one of their major headaches on the days when their horses are to race is that nags like too much to eat.

Jack Dempsey never wasted time in the ring. He knocked out Carl Morris in 14 seconds on Dec. 16, 1918, at New Orleans. At Harrison, N. J., on July 27, 1918, he flattened Fred Fulton in 18 seconds.

The "big league" of jai-alai—Miami, Mexico City and Havana—support three schools in the Basque country of Spain where players from 8 to 13 are trained.

Fights Last Night

New York—Teddy (Red Top) Davis, 133 1/4, Hartford, Conn., outpointed Armand Savoie, 136, Montreal, 10.

Brooklyn—Ted Olla, 163 1/4, Milwaukee, and Jesse Turner, 159, St. Louis, fought 10-round draw.

Los Angeles—Dickie Wong, 141, Honolulu, outpointed Frankie Cockrell, 146, Los Angeles, 10.

Although a lawyer, Clyde Box spends his off seasons from playing end for the Detroit Lions by selling automobiles.

Yes—You can be a 2-car family!

SEE THIS NEW Metropolitan AT YOUR Neash DEALER!

Why put up with "one-car inconveniences"? It costs so little to own the smartest, gayest, *savingest* second car ever built. The tiniest woman can park with a finger . . . six-footers plus find amazing room. And you get up to 40 miles a gallon.

\$1469

F.O.B. Coastal port of entry for the convertible. Hardtop \$24 less. State and local taxes, if any, whitewall tires, extra.

CITY GARAGE, 79-85 North Front Street — Kingston 5080

The Weather

TUESDAY, SEPT. 7, 1954

Sun rises at 5:15 a. m.; sun sets at 6:09 p. m. EST. Weather, cloudy.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 61 degrees. The highest figure recorded up to noon today was 79 degrees.

Weather Forecast

NEW YORK CITY and vicinity: Some cloudiness developing this afternoon and a chance of

showers or thundershowers this evening. Continued warm with highest temperatures in the 80s along the coast and about 90 inland. Showers ending tonight with clearing towards morning, low 65 to 70. Wednesday fair and warm with afternoon temperatures in the 80s. Moderate southerly winds Wednesday.

Eastern New York: Scattered thundershowers ending during the night, lowest 53 to 60 degrees. Wednesday fair and cooler.

CITY ENGINEER'S weather report: Temperature at 10 a. m. today 81, barometric pressure 30 inches, relative humidity 82 per cent, winds SW at 7 MPH. A trace of rain fell during the night. Highest temperature yesterday was 84 at 4 p. m. and lowest 65 at 11 p. m. Mean was 74.5 and normal 68. Humidity was 92 per cent at 6 a. m. and 58 at 11 a. m. Pressure was 30.04 inches at 10 p. m. and 29.97 at 2 a. m.

Universal Road Machinery Co. TEL. 248 KINGSTON, N. Y.

Certain New York

fathers, apparently well aware the towns soon would be annexed by expanding New York city, obtained authorization from the same legislature and governor to remove the limit on their borrowing power.

West Farms was authorized to borrow \$278,000 by issuing bonds, with a 278-year maturity, starting in 1869. Morrisania was authorized to issue 100-year bonds, starting in 1881.

The road was finished in 1873 at a cost of \$337,500. New York city annexed the towns in 1874 and assumed their debts.

It is impossible to buy the choice bonds on the investment market. A few become available at times when estates are offered for probate or trusts are terminated.

Gerosa managed to buy back some of the bonds through such channels last week, but the majority are still in private hands. The securities often are referred to as "ghost" bonds. Certainly they are haunting the city.

The middy shirt-dress is the latest to join the nautical-look trend in suits, coats and blouses. It's versatile, too, when worn with or without a belt and scarf.

Open Indictments Reported by Jury

Three additional open indictments were handed up today by the April grand jury in a report to County Judge John M. Cashin. There were also five sealed bills and two dismissals. None of the defendants was arraigned, that formality being delayed until 2 p. m. today when the regular September trial term of County Court convened.

The following open indictments were reported: The People vs Ellen Dorothea Michel, grand larceny, second degree.

Michael A. Cannon, grand larceny, second degree.

Herbert William Casselman, violation Sect. 1897, Sub. 5.

No bills were returned in the following cases and cash bail in the case of Robert Percy Mower, violation of Sect. 1296, Sub. 1, was exonerated. No bill was found against Katherine Hook
